ARMY OF YUDENITCH IS THREATENED FROM REAR

FORCES OF YUDENITCH IN TICKLISH POSITION SOVIET ANNOUNCEMENT

**Remnants of Army Reported Surrounded and
Attack Planned From Rear; Finnish Volun-
teers Enlisted to Advance on Petrograd**

London, Nov. 5.—An announcement issued by Russian soviet army officials received here by wireless says:
"We have received fresh reinforcements: Yudenitch can re-
ceive none."

"The remnants of his army are breaking up. They are sur-
rounded by our troops. From Luga our troops are irresistibly ad-
vancing on Yudenitch's rear."

"On the other fronts the situation is favorable to us. We are
on the eve of a victorious termination of the war."

Finnish Volunteers.

Helsingfors, Nov. 4.—A Helsingfors newspaper says it under-
stands 20,000 volunteers have secretly enlisted in Finland to join
in the attack on Petrograd. The newspaper says the men will be
supplied with arms and equipment either by the Allies or General
Yudenitch and urges the Government to take preventative steps.

MAJORITIES FOR LABOR-SOCIALISTS

Secure 14 Out of 28 Seats
in London Borough
Councils

London, Nov. 5.—Final results in
the municipal elections show that
besides the huge gain in the coun-
try, Labor Socialists have majorities
in 14 out of 28 London borough
councils. Municipal reformers, who
correspond roughly to the Conser-
vatives, have a majority in 12 bor-
oughs. The Progressives, otherwise
Liberals, have practically disap-
peared.

The Daily Telegraph recalls former
Premier Asquith's recent remark:
"The Liberal party has housed the
Labor party. I hope it will be so
again."

"There is a dramatic answer," ex-
claims The Telegraph. "The Eng-
lish middle class disdain of munici-
pal affairs has been dearly paid
for, and the price will rise when
Labor proceeds to execute its
schemes for municipalizing common
necessaries."

Other commentators representing
both parties merely remark that
Labor has now got a chance of
showing what it can do in a position
of responsibility.

Twenty-Seven Were Killed in Simplon Express Crash

Paris, Nov. 5.—The dead in the
Simplon Express wreck Monday night
number 27, according to information
received by the railroad company.
The train while standing near Sene-
sixty miles southeast of Paris, was
run into by a train bound for
Geneva.

VOLUNTEERS OPINION ON DEFEAT OF THE HEARST GOVERNMENT

Hamilton, Ont. Nov. 5.—At a meet-
ing of the Hamilton Presbytery yes-
terday, Rev. Mr. Dickie volunteered
the opinion that the Hearst Govern-
ment was defeated by the women
because it did not provide for mothers',
wives' and widows' pensions. He
moved that a memorial be presented
to the Premier-designate, E. G. Drury,
calling attention to the urgency of
this need. The Presbytery decided
to present a memorial to the new
Government as suggested.

MOTHER SUPERIOR DEAD.

Brandon, Man., Nov. 5.—Mother
St. Mary Gabriel, acting superior
mother of St. Michael's Academy, is
dead after a short illness from pneu-
monia. She opened the Sacred
Heart Academy in Regina, and later
was transferred to Winnipeg, and
seven years ago to Brandon. Mother
Gabriel came to Canada from New
Zealand.

MAKES STIRRING APPEAL TO FRANCE

Clemenceau Pleads For Uni-
versal Tolerance and Social
Justice

Strasbourg, Nov. 5.—Premier Clem-
enceau's speech here yesterday, con-
sidered his political valedictory to
France, rose much above party poli-
tics. It was for the most part a plea
for universal tolerance and social
justice, and an appeal to the work-
ingman throughout the world to re-
sume labor's pre-war methods and
"work."

Dealing with social organization,
M. Clemenceau declared that no Gov-
ernment could possibly prevent its
people from governing themselves,
but said government must be based
on public order and respect of indi-
vidual rights.

Referring to direct action, the Pre-
mier asserted society should only
count upon the voluntary help of
those determined to defend their right
to enjoy public services.

"As for the Bolsheviks," said Pre-
mier Clemenceau, "there can be no
discussion between them and the
public. It is a simple question of
force. In clamoring for freedom for
themselves they want to impose upon
others a terrible and absolute dicta-
torship."

Saved Civilization
Premier Clemenceau, after felici-
tating the people on the disappear-
ance of Prussian militarism and the
return to France of Alsace-Lorraine,
said the peace treaty, which was a
diplomatic instrument, was without
precedent in the history of the world.
He praised the French republic, which,
he said, with the aid of its valiant
Allies, had saved civilization for the
world.

Dealing with social equality, M.
Clemenceau declared that workmen
have rights which it is their right to
have respected, but that they also
are bound to respect the rights of
others. The factory workman was
not the only one of these. There also
was the farmer, who would not ad-
mit of an appeal for a disorganization
of work and a relaxation in produc-
tion with the aim of keeping society
together.

"It is between them and us a ques-
tion of force," the Premier continued,
"since in demanding liberty for them-
selves they are pretending to impose
upon a dictatorship of absolutism."

The Premier declared himself a
partisan of disarmament, but of pro-
gressive disarmament on account of
the situation in Europe, which he
asserted advised prudence.

Women Throw Red Pepper Into Eyes of Police Officers

Youngstown, Ohio, Nov. 5.—Riot-
ing broke out at the plant of the
Youngstown Sheet & Tube Company
again to-day, when fifty women at-
tacked the sheriff and his deputies
when the officers tried to keep them
from preventing workmen from enter-
ing the plant. Red pepper was thrown
into the eyes of the officers as the
women tried to seize their revolvers.

MORE COMPLETE RETURNS FAIL TO CHANGE OUTCOME OF ELECTIONS IN STATES

New York, Nov. 5.—More complete returns in the off-year
elections yesterday in several States did not change the outcome in
any important respect. The smashing victory of Calvin Coolidge,
Republican, in Massachusetts, re-elected to succeed himself as Gov-
ernor by the largest vote ever polled by a gubernatorial candidate
in that State, shared honors with an almost equally decisive "dry"
victory in Ohio as the most striking result of the voting.

As a possible indication of the drift of popular sentiment pre-
paratory to the National elections next year, yesterday's results
were being closely scrutinized by party leaders. Kentucky was
swept into the Republican fold in the
gubernatorial fight, but to-day's re-
turns made it certain that New
Jersey had reverted to the Democra-
tic column. Maryland, the only
other State in which there was a ser-
ious contest for the governorship,
was still in doubt, with the Demo-
cratic candidate leading.
Local issues complicated the fight
in at least two States. In Massa-

A Victory Loan Message

THIS is the sixth War Loan
floated in Canada since
the War broke out.

It is the only War Loan
floated in Peace times.

Surely it is the duty of
British Columbia to show her
gratitude for Peace, and to the
Soldiers for what they have
accomplished.

This is a Peace Loan and a
War Loan combined, and,
therefore, it should more
readily be oversubscribed than
any of the former Loans.

Our Soldiers have made
their sacrifice. It is now for
us at home to make ours.

British Columbia has never
failed to answer a patriotic
call.

She will not fail now!
W. H. MALKIN,
Chairman, Provincial Committee.

WAS CHARGED WITH OPERATING A STILL

R. H. Gardner Fined \$300
by the Magistrate at
Nanaimo

Nanaimo, Nov. 5.—R. H. Gardner,
farmer of Chemainus, was fined \$300
and costs by Provincial Magistrate
Potts to-day on a charge of manu-
facturing intoxicating liquor, con-
trary to the provisions of the prohi-
bition act. The case was the out-
come of a raid made on Gardner's
last month, and has created quite a
sensation locally. The magistrate
said he would not impose the full
fine of \$500 on account of Mr. Gar-
dner's integrity and good standing.

The alternative of the fine is three
months in jail. In the last phases of
the case the crown produced wit-
nesses showing that Gardner had
bought 530 pounds of sugar in two
months, and had only his wife, him-
self and child to feed. Gardner origi-
nally termed the fluid captured in
the raid on his place as "pigs food."

Quebec Liberal and U. F. Members Take Their Seats

Ottawa, Nov. 5.—Ernest Lapointe,
Liberal leader for Quebec, who was
elected for Quebec East at the recent
by-election, will take his seat in
the House to-day when James Cald-
well and J. W. Kennedy, the new
United Farmers' representatives for
Carleton-Place and Glengarry-
Stormont, respectively, may also take
their seats in the House. Mr. La-
pointe made his appearance in the
galleries last night and was cheered
by Liberal members on the floor of
the House. Mr. Caldwell, during the
afternoon, was a spectator of the pro-
ceedings in the House from a seat in
the Speaker's gallery. He watched
with deep interest the taking of the
division in the amendment of the
Grand Trunk Bill.

Disposition of Tentonic Ships in Chilean Ports

London, November 5.—Announce-
ment was made in the House of Com-
mons last evening on behalf of the
Government that the disposition of
the German ships in Chilean ports at
the time of the armistice will be de-
cided by the reparations commission
of the Peace Conference.

EX-WARDEN CHOSEN AS CANDIDATE IN NORTHERN ONTARIO

Cannington, Ont. Nov. 5.—At a
large convention here yesterday, D.
McKinnon, ex-warden of the county,
was chosen as Independent Unionist
candidate in the coming election in
Northern Ontario. The nomination was
made necessary by the death of W.
J. Cowan, the Unionist candidate,
who died a few days after his nomi-
nation. As a result, the by-election
was postponed. The choice was un-
animous. The only other candidate
is R. H. Halbert, of the U.F.O.

TO SPEAK ON LOAN

The following gentlemen will
address audiences at local theatres
on the Victory Loan this evening:
J. B. Warnier at the Pantages
and the Variety; H. W. Webb at
the Royal Victoria and the Col-
umbia; George I. Warren at the
Dominion and Princess.

ZIMMERMANN GAVE EVASIVE ANSWERS

Question of Peace Offer and
Treatment of Belgium
Under Investigation

Berlin, Nov. 5.—The sitting of the
sub-committee of the assembly which
is investigating the question of re-
sponsibility for the war, was notable
for the evasive answers of Dr. Alfred
Zimmermann, former Secretary for
Foreign Affairs, concerning Ger-
many's treatment of Belgium, which
compelled Dr. von Bethmann-Holl-
weg, former Imperial Chancellor, to
come to the assistance of Zimmer-
mann and answer for him. Both
Zimmermann and von Bethmann-
Hollweg protested that they had
made efforts against the all-powerful
military party in the matter of de-
portation of Belgians.

Germany's peace offer again was
brought up. Von Bethmann-Hollweg
stated that he frequently had
discussed peace with James W. Ger-
ard, the American Ambassador. After
the torpedoing in March, 1916, of the
English Channel steamer Sussex, and
when Ambassador Gerard was pre-
paring to return home, von Beth-
mann-Hollweg said he spoke to the
Ambassador, saying:
"Now, President Wilson has a free
path. Urge him to act. We have done
our utmost."

To this von Bethmann-Hollweg
added:
"What could have been a stronger
appeal for peace?"

COMMERCE BOARD WILL REGULATE PRICE OF MILK

Fredericton, N. B., Nov. 5.—The
Board of Commerce will confer as a
body on the question of milk prices
in Canada and make a joint ruling
on the question, according to in-
formation contained in a letter yes-
terday from W. P. O'Connor, the as-
sistant chairman and which was read
to the City Council here by Mayor
Hanson.

ANGLICAN MINISTER DIES.

Toronto, Nov. 5.—Rev. S. D.
Sweetman, rector of St. Martin
Church, West Toronto, died yes-
terday in the Western Hospital of
pleurisy after an illness of only two
days.
Mr. Sweetman was a native of
Winnipeg, where his parents are
now living. At the time of his death
he was thirty-six, and had been in
the Anglican ministry since 1903.

MAJOR LLOYD ON COAST.

Nanaimo, Nov. 5.—Major R. H.
Lloyd, formerly of the Lloyd Ranch
at Errington, is in the city to-day on
his return from England. He is a
brother of the distinguished General
Sir Francis Lloyd, and while over-
seas was employed as A. P. M.,
London.

FIRST MEETING OF COUNCIL OF LEAGUE SLATED FOR PARIS

Paris, Nov. 5.—The first meet-
ing of the Council of the League of
Nations will be held in Paris, the
Supreme Council decided to-day.
It did not, however, fix a date for
the gathering.

TIMES PUZZLED BY DOMINION POLITICS

Ontario Election Suggests
Doubt About Strength of
Union Government

London, Nov. 5.—The Times says
Dominion politics at present are
hard to understand, but it is very
evident that both in Canada and
Australia the reaction from war con-
ditions is having a marked influence.
It sees this in the Hughes and Ryan
programme in the Commonwealth
and the rout of the Hearst Govern-
ment in Ontario by the new farmers'
party, and adds:

"It is always dangerous to judge
the Dominion by provincial politics
in Canada, but certainly the result of
the Ontario elections suggests doubt
about the strength of the Unionist
party led by Sir Robert Borden."

Borden to Retire?
There are rumors that the Cana-
dian Premier intends to retire. "He
did a man's work during the war and
must be feeling the effects of that la-
bor, but he has a keen sense of pub-
lic duty and will not consult his in-
dividual inclinations if in doing so
he should risk the sacrifice of what
he believes to be the best interests
of his Dominion."

NEW HONOR EMBLEMS

A score of names have been ad-
ded to the list of hundred per cent.
loan investors since yesterday at
noon. Following are the additions
to the senior honor emblem list:
Fleck Bros. and staff, 1510 Wharf
Street; Cameron Lumber Co. and
staff, Garbally Road; Chee Kong
Tong, 619 Flaggard Street; Dak
Coon Club, 558 Flaggard Street; Two
Pook Shew, 1031 Johnson Street;
Sam Hop Co., 1633 Government
Street; St. James Hotel, Johnson
Street; Stevenson's Candy Store,
Yates Street; Mrs. D. Leemon and
family, 854 Bank Street; Thos.
Ash and family, 1430 Hampshire
Road; R. F. Maybon and family,
740 Burdette Avenue; Mr. Plumb
and family, Brunswick Hotel; Mr.
and Mrs. Peetz, corner Yates and
Douglas; Lucy E. Roberts and
family, 2153 Gonzales; Henry
Campbell and family, 661 Pine
Street; Alfred Catracheal and
family, 1932 St. Ann Street; Mrs.
Raines, R.M.D. 2; A. S. Killam and
family, 723 Olive Street; W. A.
Smith and family, 1029 Mason
Street.

LOAN INVESTMENT OF TUESDAY WAS LARGEST DURING DRIVE HERE

**Total at Closing Time Yesterday \$2,376,700
Including Government Subscriptions: Mass
Meeting Held at Sidney**

The gradual but sure increase in Greater Victoria's daily Vic-
tory Loan Investment continued yesterday when \$241,200 was sub-
scribed by 347 applicants. This sum is the largest recorded during
the drive and, moreover, exceeds the amount invested on a corre-
sponding day last year by over \$70,000. Including the Provincial
Government's subscription, and that of the city, Victoria's total in-
vestment the end of the eighth week day of the drive was \$2,376,
700, or more than half of the \$5,000,000 objective.

Yesterday was easily the banner day of the drive. As a matter
of fact \$1,030,200 was invested, but this sum included the Provin-
cial Government's subscription, which was formally recorded last
night. Not only was the day's canvass marked by numerous in-
vestments in every district, but it
was accorded a more general support
by the larger investor. Loan heads
are hopeful that the visit of Sir
Henry L. Drayton, Minister of
Finance, has convinced any of the
larger business men who so far have
shown little interest in the loan that
bonds are the best investment they
can secure.

Hundred Thousand Tons of Soft Coal Held Up at Border

Toronto, Nov. 5.—With one hun-
dred thousand tons of soft coal des-
tined for Canadian points already at
the border by United States railroads
which refuse to turn the consign-
ments over to Canadian lines a situa-
tion has been created which Fuel Ad-
ministrator Harrington is bending
every effort to relieve. He is now
the only fuel administrator in Canada
and he is keeping the wires warm
with Washington in an effort to keep
the 100,000 tons from growing, as it
threatens rapidly to do, into 200,000
tons. Mr. Harrington is in constant
receipt of messages indicating urgent
need for coal in different quarters and
is trying to secure release of the coal
which is accumulating on the other
side of the border.

German Delegates Delayed in Reaching Labor Conference

Washington, Nov. 5.—German
workers' delegates to the Interna-
tional Labor Conference, in session
here, will sail for the United States
when transportation difficulties can
be overcome, said a message received
by the Conference to-day from Ger-
many.

SNOW AT NELSON

Nelson, Nov. 5.—Following a heavy
fall of light snow there was some
sled traffic yesterday, but wheels
quickly resumed ascendancy, at least
on the city streets. The first snow
fell on October 10, the ground was
first whitened October 25, and snow
came to stay on October 27, all these
dates being a month ahead of nor-
mal. In the hills sleighing is defini-
tely established.

U. S. GOVERNMENT REFUSES TO WITHDRAW INJUNCTION AGAINST STRIKE LEADERS

Washington, Nov. 5.—The Government can not accept the pro-
posal of organized labor to end the coal strike, by vacating the in-
junction against the officials of the United Mine Workers of
America. Assistant Attorney-General Ames in the absence of
Attorney-General Palmer, announced to-day that the Government
could not abandon its position as the strike was in violation of law.
Judge Ames issued the following statement:

"The strike is a violation of law. As long as it continues, we
are going to proceed in the courts. The dispute between the mine-
owners and workers is an entirely different question that they can
settle in their own way. The Government can not tolerate con-
tinued violation of the law such as this strike constitutes."

Refusal of the Government to vacate the injunction means a long
fight in the coal fields, while its
withdrawal would have opened the
way for settlement of the strike with-
in forty-eight hours, according to
Edgar Wallace, legislative representa-
tive of the United Mine Workers
of America.

The statement of Judge Ames was
in reply to a statement by Samuel

Best Day Yet.
In announcing the result of yes-
terday's canvass, Brigadier-General
Clark, Island Loan Chairman, said:
"Certainly yesterday was the best
day yet. The response is most
gratifying. We are hopeful now that
the big men are going to give the
loan the support they should. We
are half way to our objective, and it
(Continued on page 12.)

BRITISH COLUMBIA IS THIRD ON LIST

Only Exceeded by Three
Wealthy Provinces; Van-
couver and District Totals

Toronto, Nov. 5.—The total amount
subscribed to the Victory Loan is
\$208,330,750, according to the latest
reports received here up to mid-
night by W. S. Hodgson, chairman
of the Dominion business commit-
tee. This total is based on returns
from Quebec province on Monday
night; from British Columbia,
Alberta, Saskatchewan, Manitoba,
New Brunswick, Nova Scotia and
Prince Edward Island up to Satur-
day night; Ontario up to midnight
Tuesday.

Amounts reported from the vari-
ous provinces were as follows:
Ontario, \$120,104,850; British Co-
lumbia, \$5,719,150; Alberta, \$4,172,
950; Saskatchewan, \$4,399,300;
Manitoba, \$10,219,850; Quebec, \$51,
599,700; New Brunswick, \$2,766,500;
Nova Scotia, \$4,535,750; Prince Ed-
ward Island, \$252,700.
Toronto's returns for the day were
\$10,726,960, making a total for the
first eight days of the campaign of
\$45,640,800.

Greater Vancouver.
Vancouver, Nov. 5.—Victory Loan
subscriptions for Greater Vancouver
on Tuesday night were reported to
total \$7,860,950. This was composed
of the following:

Vancouver, \$7,247,150; Burnaby,
\$109,750; South Vancouver, \$74,650;
Point Grey, \$175,400; and Richmond,
\$12,000. Included in the Vancouver
City amount is the \$1,000,000 re-
ceived from the city, but not the
conversion of previous loans,
amounting to \$1,450,000, which can
not be applied to the quota.

In Southern Alberta.
Calgary, Nov. 5.—Southern Al-
berta's total as reported to-night in
the Victory Loan is well toward the
\$4,000,000 mark. Medicine Hat divi-
sion has won three honor flags and
three crests. Calgary raised another
\$175,000 to-day, bringing the total to
\$2,818,000.

Nelson District.
Nelson, Nov. 5.—The Nelson dis-
trict won its Victory Loan flag yes-
terday afternoon by raising its quota
of \$250,000 and later had passed the
\$300,000 mark as a start toward an
honor crest. The canvass is shaping
so favorably that the district may
adopt a new objective of \$500,000.

EXPLAINS WHY HE DISOBEYED ORDERS

Report Gives Testimony of
Lusitania's Master on
Sinking

London, Nov. 5.—A parliamentary paper made public yesterday containing secret evidence in the inquiry into the sinking of the Cunard liner Lusitania, shows that Captain W. T. Turner, of the Lusitania, admitted that he disobeyed instructions of the Admiralty in steaming at the rate of eighteen knots an hour. The captain testified, however, that had he gone faster the Lusitania would have reached the bar at Liverpool before the vessel could cross it, owing to tidal conditions. Captain Turner also testified that he had not steered a zig-zag course at full speed, as the Admiralty ordered, because he thought this order only applied when a submarine had been sighted.

It was contended by Captain Turner that, although he had been warned by the Admiralty to avoid the headlands, he was justified in coming within ten miles of Old Head of Kinsale (near where the Lusitania was torpedoed) in order to fix his position. If he had remained longer out of sight of land, he declared, the weather might have been foggy and he would have been worse off. Captain Turner claimed that the course he steered was far enough from land, if it was not exactly in mid-channel. He was trying his best, he said, to follow Admiralty instructions, but his aim was to find land. Had he run into a fog without doing this, he asserted, he might have run ashore.

CASSIDY WILL ACT AS CHIEF COUNSEL

Vancouver Lawyer at Winnipeg to Defend Strike Leaders

Winnipeg, Nov. 5.—Robert Cassidy, K.C., prominent Vancouver lawyer, who is chief counsel for the eight strike leaders to be tried at the assizes, has arrived to take charge of defence arrangements. Associated with Mr. Cassidy in conducting the defence will be J. E. Bird, of the firm of Bird & Macdonald, Vancouver, and F. J. McMurray, of Winnipeg, who had charge of the defence at the preliminary hearing. To J. Murray and William Noble will have charge of the cases of the men charged with rioting during the strike.

Officials of the defence committee stated that they were fully prepared to fight the cases to a finish. "We have no doubt of the outcome," said Secretary J. Law.

The assizes were formally opened at noon yesterday, but it is not expected that the strike cases will be proceeded with until later.

One Great Essential To a Woman's Health Is Her Nerves.

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung? The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flashes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy?

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health. Mrs. P. H. Ryan, Sand Point, N. S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flashes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CURFEW REGULATIONS IN IRELAND TO CURB SINN FEIN RAIDERS

London, Nov. 5.—A Government proclamation imposing curfew regulations in certain districts in Ireland is expected immediately, according to a Dublin dispatch to the Evening Standard. The measure is intended to prevent raids by masked bandits and also night drilling. Permits will be issued to persons having legitimate excuse for being out during the night hours.

FAMINE IN UKRAINE.

Washington, Nov. 5.—Hundreds of Ukrainians in the districts of Nadworna and Kosiw are dying of hunger, according to advices received by the Ukrainian information bureau here.

Epidemics of scarlatina and spotted fever are also causing the death of thousands, the dispatches said.

PILES

Do Not suffer another day with itching, bleeding or protruding piles. Dr. Chase's Ointment will relieve you at once and as certainly cure you. See a box at all dealers, or mail-order. State & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 25c stamp to pay postage.

KENTUCKY AND OHIO FAVOR PROHIBITION

Massachusetts Has Re-elected Governor Coolidge; War on Tammany

New York, Nov. 5.—Ohio and Kentucky, the only two states holding elections in which prohibition was a direct issue, both enrolled themselves in the army of voluntary abstinence, on the face of partial returns tabulated at midnight. With more than half of the state reported, Secretary of State Smith predicted that it would be found Ohio had voted dry on all four prohibition proposals submitted to the voters and that the majorities would approximate 75,000. One of these proposals was offered in the form of a referendum on the Legislature's action in ratifying the eighteenth amendment to the Federal constitution. Another proposal also a referendum, dealt with the prohibition enforcement act adopted by the State Legislature. The other two proposals were constitutional amendments touching on prohibition.

In Kentucky it appeared that the state-wide prohibition act had been carried by a large majority.

In New Jersey, which was one of five states holding gubernatorial elections, prohibition was an indirect issue. Despite the assertion of State Comptroller Newton A. K. Burpee, Republican candidate for Governor, that prohibition was an accepted fact because it is incorporated in the Federal legislation, Senator Edward I. Edwards, the Democratic candidate, made it an issue by declaring that he will use all the machinery of the state to make New Jersey "as wet as the Atlantic ocean."

While the result of the New Jersey gubernatorial election was in doubt early yesterday, it was leading his opponent by 127 votes. This lead, however, was being increased sharply as returns poured in from Democratic strongholds, the last to report.

Governor Coolidge Returned.

Running on a Law and Order issue, Governor Coolidge, of Massachusetts, opposed by the Central Labor Union, defeated the Boston Police strike, sent his Democratic opponent, Richard H. Long, down to overwhelming defeat, with an indicated plurality of more than 120,000.

Kentucky was another state to elect a Republican governor. Edwin P. Morrow received a majority estimated at 15,000 to 20,000 over Governor James D. Black.

In Mississippi, the Democrats, facing only a Socialist ticket, won a victory by a plurality of approximately 10,000, sending Lee M. Russell, Lieutenant-Governor to the Governor's chair.

At midnight it was not known whether Maryland had elected as its Governor Attorney-General Albert C. Ritchie, Democrat, or Harry W. Nice, his Republican opponent. With few returns related, except in Baltimore, where the count was only half completed, Ritchie was leading by about 1,000.

Tammany Defeat.
Although an "off year" in New York politics, a bitter contest was waged for the offices appearing on the ballot. Spirit was taken to the campaign by the stand taken by the Hearst newspapers. Swinging their support to the Republican ticket, they waged war on Tammany's nominees. Tammany appeared to have suffered a marked defeat.

Particular interest attached to the victory won by Lieut.-Colonel Theodore Roosevelt, who, following his father into public life, won a seat in the Assembly from Nassau County by sending down to defeat Elias Raft, an A. E. F. private and a tailor's son.

EMPLOYMENT BUREAU MERGER IN ALBERTA CONSIDERED UNLIKELY

Calgary, Nov. 5.—With respect to the report of a conference here regarding the merging of employment bureaus under the Civil Re-Establishment Board, both William Carnill, superintendent of the Provincial Bureau here, and Lieut. M. Bell, of the Department of Civil Re-Establishment, stated that they had heard absolutely nothing of the proposals. Lieut. Bell characterized the dispatch as ridiculous and the plan was, something very unlikely for Alberta.

REDUCE YOUR FAT WITHOUT DIETING

Years ago the formula for fat reduction was "diet" exercise. To-day it is "Take Marmola Prescription Tablets." Friends tell friends—doctors tell their patients, until thousands know and use this convenient, harmless method. They eat what they like, live as they like, and still lose their two, three or four pounds of fat a week. Simple, effective, harmless Marmola Prescription Tablets are sold by all druggists in large case for \$1. Or, if you prefer you may write direct to the Marmola Company, 864 Woodward Ave., Detroit, Mich.

I. W. W. CAMPAIGN IS STARTED IN ENGLAND

London, Nov. 5.—An active campaign has started in England by George Hardy of Chicago to persuade English workmen to appeal direct to Washington for the release of all I. W. W. men imprisoned. The campaign includes propaganda showing alleged wrongs the I. W. W. have suffered at the hands of American capitalists.

It is understood that a similar campaign will be carried on in all European countries whenever possible.

VICTORY BONDS are fine life insurance.

PARTY IS SPLIT INTO FACTIONS

French Republicans Opposed to Bolshevism Form Groups

Paris, Nov. 5.—The union of all republican parties for the campaign against Bolshevism and extreme radicalism in the coming elections has already divided into groups, depending upon the relative conservatism of the members. The first group, called the republican bloc, does not admit an extension of the movement to include candidates from the right. Its leaders are members of Parliament opposed to Premier Clemenceau, and it includes in its membership the anti-Clerical group.

The second faction admits to its ranks all republicans, including nationalists and liberals, and its members, while acknowledging that the church disestablishment act and those acts secularizing the schools must remain intangible, renounce all religious intolerance.

Several other parties have been created for the election, among the prominent ones being the New Democracy party and the Action Francaise. Nearly all the tickets reserve places for veterans of the war, and in some districts the veterans have even put up special tickets. The Socialists have placed upon their tickets only those members of parliament who have taken a definite position in favor of non-interference in Russia and of the Soviet Government.

UNUSUAL RECORD OF VIOLENT DEATH

Seattle, Nov. 5.—Seattle's violent death record of the past two months was increased yesterday when Elizabeth Dorothy Graham, aged four, and T. C. Ludwig, aged forty-one, died of gunshot wounds. These deaths brought the total of alleged homicides for two months to a total of ten. Deaths of persons who took their own lives and those who died by accident add twenty-nine to the list.

The little Graham girl died from wounds inflicted by her mother, Mrs. W. M. Graham, who last Friday, according to her own statement, killed her six-year-old son, wounded her daughter and turned the gun on herself. Mrs. Graham was declared mentally irresponsible. She probably will live.

Mrs. Nora Edwards (23), waitress, was held in connection with Ludwig's death. He was shot while in her apartment Saturday evening. Charles E. Rosellus, Seattle motorcycle policeman, who was arrested Sunday after the death of Police Sergeant Guy L. Carleton, declared he shot Carleton in self-defence. Rosellus said he discovered Carleton automobile riding with Mrs. Rosellus. When Rosellus approached him he saw Carleton start to draw a revolver.

FOURNIER ON TRIAL.

Paris, Nov. 4.—Brigadier-General Fournier who commanded the French fortress at Maubeuge at the outset of the war, appeared yesterday before a special court-martial to answer for the surrender of the fortress to the Germans in September, 1914, during their great sweep southward toward Paris in the first stage of the war.

MORE ABOUT SUGAR.

The following dispatch from Baltimore to The New York Times recently may throw some additional light upon the discovery of 1,340,000 pounds of raw Canadian sugar held on ships in New York harbor for sale in the big Atlantic metropolis:

"It was stated here to-day that an effort was being made by New York interests to put on the Baltimore markets 1,600,000 pounds of Canadian sugar at the wholesale price of 18 to 19 cents a pound. This is largely in excess of the wholesale price fixed by the Equalization Board, which is 9.85 cents a pound.

"An investigation has been made by Federal Food Administrator Killian, and the facts have been sent to Attorney-General Palmer at Washington. Mr. Killian received information from Government sources which will guide him in handling the reported offer of the Canadian sugar.

"This supply, it has been learned, is part of the one-third portion of the Cuban 1919 crop allotted to Great Britain upon her agreement to allow this country to buy up the whole crop without competition. Since there are few refineries in the British Isles or Canada, contracts were made with American refiners to refine the product. The white sugar was then sent abroad to Canada.

"While the rest of the world faces a sugar shortage, Canadians find themselves with a surplus of sugar, bought by the American Government for them and refined by American refiners for them. New York interests are said to have considerable quantities of this surplus. They have offered 325 tons of it to the local trade because, it is believed, there are many candy manufacturers here who will pay almost any price for sugar rather than see their business curtailed or shut down.

"It has been said that some of this sugar has been bought by the manufacturers here at the 18 or 19-cent figure, but that others have indignantly refused the offer."

It will be observed that this dispatch, which was published on October 22, announces that owing to one-third of the Cuban crop being allocated to Canada after being refined in American refineries, "Canadians find themselves with a surplus of sugar." Possibly all the Cuban product was not refined in the States and it may be that the large consignment discovered in New York harbor and shipped there by a Canadian refinery was part of this allocation.

In any case considering that Canada has been suffering as much from an alleged sugar shortage as the rest of this continent and that vast quantities of fruit are rotting on the ground in some places because of this fact, it is something of a shock to be told, with such strong evidence, in support of the assertion that we have a surplus.

We note that the statements in the Baltimore dispatch to The New York Times are embodied in a report made to the Attorney-General of the United States by a Federal Food Administrator, so they must be correct. If the Canadian authorities kept as vigilant an eye on the sugar situation in Canada as the Washington authorities are keeping on the sugar question on their side of the line, would there have been a sugar shortage in Canada? How was it that New York interests were preparing to market 1,600,000 pounds of Canadian sugar on the Baltimore market? What is behind this sugar situation, anyway?

EVENTS ARE MOVING QUICKLY.

When Mr. Arthur Henderson counselled the workers of Great Britain to do nothing that would prejudice the minds of the people against the idea of a Labor Parliament in the future he was giving advice from conclusions reached after an intimate study of a new Britain. The member for Widnes did not have to wait long for the confirmation of his own deductions and tangible proof for his followers that he knew whereof he spoke. Events indeed are moving, moving quickly and almost according to schedule. Saturday's municipal elections throughout the country resulted in a definite triumph for Labor. Where former Liberal or Conservative majorities were not demolished altogether the Labor candidate missed election by an exceedingly narrow margin.

Editorial writers in Britain generally agree that apathy on the part of the electorate and the existence of vote getting machinery in the hands of the Labor Party caused the overthrow. If there was apathy it was one-sided, for it is obvious that Labor put its heart into the campaign. The very fact that it won successes in the most unlikely places only goes to show that those who took the trouble to vote, as The Daily News suggests, gave expression through the ballot to ambition other than that concerned with local taxes. Moreover, the lesson is an important one

because its effect will be felt far beyond the purely municipal field of influence. It is a demonstration on the part of organized labor to the country as a whole that it possesses the will and ability to erect the machinery incident to the reforms for which it is working. More important and gratifying, however, is the tangible proof that Britain's toilers are convinced of the efficacy of constitutional procedure. Saturday's triumph for the Labor Party of Great Britain is a blow to the policy of direct action and an admission that the way to reform lies through the ballot box.

With municipal government throughout the country very largely in the hands of Labor an opportunity will be afforded the people to judge Labor's more general administrative capacity. It is to be expected that any apathy on the part of the electorate which resulted in small polls at many places on Saturday will be cured in some instances by the great change which has taken place. It may spell alterations in the future of such magnitude as to warn the indifferent citizen to-day that unless he is prepared to discharge an important duty of citizenship he must not grumble if events move too quickly for him. If it did this much, Labor's victory would be beneficial because it would swell the jury which will be required to give its verdict when the time comes for the country to say which political party shall compose the Government of the future.

THE VICTORIA AND SIDNEY.

It is to be hoped that the Receiver of the Victoria and Sidney Railway Company will be agreeable to negotiate for the sale of that part of the V. and S. line which stretches from the intersection into Sidney on the basis of the estimate prepared by Chief Engineer Proctor of the Department of Railways. The Canadian National estimate very naturally took a safe margin for negotiation when it placed \$18,000 as a fair figure. Mr. Proctor reached the conclusion that \$23,000 would be nearer the commercial mark. The engineer for the V. and S., however, took account in his reckoning of certain property at Sidney in the shape of lots and put in a figure of over \$40,000. It was made clear by the Canadian National people at once that the people's road would not require to purchase any chattels of the non-operating concern not actually essential to such future operation of this section of the line as it might decide to undertake on closing the transaction. Premier Oliver and Mr. M. B. Jackson, M. P. P., have acted as intermediaries for the residents more directly concerned in a service between here and Sidney while Dr. Tolmie has promised to use his influence with Mr. Hanna at Ottawa. It now remains for the Receiver of the V. and S. to agree to the basis of negotiation when it should not be very difficult to come to an agreement. The matter is a serious one for the industries of Sidney, and the question as a whole is of sufficient importance to the whole community to arouse more than ordinary interest.

NARCOTIC DRUG IMPORTS.

The Dominion Council of Health is considerably perturbed over the large increase in the importation of narcotic drugs into Canada in recent years, particularly of cocaine, morphine and crude and powdered opium. In 1912 only thirty-five ounces of cocaine were imported. In 1914 this figure had jumped to 1,028 ounces, in 1916 to 5,391 ounces and last year to 12,333 ounces. In 1912 the imports of morphine totalled 440 ounces. In 1917 this had increased to 54,215 ounces. In 1912 the imports of crude opium aggregated 5,017 pounds, but last year the total jumped to 30,087 pounds. The imports of morphine declined considerably in 1918 and 1919, but they still amount to 30,087 ounces as compared with 440 ounces in 1912. The importation of powdered opium also has been substantially reduced. In fact, during the last three months, and since the Department of Trade and Commerce assumed control of imports, there has been a noticeable reduction in the importation of practically all the narcotic drugs. Notwithstanding this improvement, however, the figures still show tremendous increases over those of six or seven years ago.

The Dominion Council of Health has good reason for alarm over these figures, for their significance is apparent to everybody. There is nothing more insidiously destructive than the narcotic drug habit. No vice is more difficult to grapple with; none spreads more easily and none exists in so many unsuspected quarters. Once it has established a foothold its suppression becomes a task in comparison with which the suppression of alcoholism is child's play. The authorities cannot be too vigilant in dealing with this evil or too drastic in controlling narcotic drug imports.

THE U. F. AGAIN.

The victory of the candidate of the United Farmers of Alberta over the Government standard bearer in the election at Cochrane for the Provincial Legislature is yet another indication of the gathering power of the farmers' political movement in Canada. The United Farmers had nothing to say against the Stewart Government, but, according to the Calgary dispatch reporting the result of the election, contested the seat on principle, which means that they were indulging in a preliminary canter with a view to more ambitious operations. The majority of the successful candidate was not large, being around 125, so it is evident that sentiment among the electors was pretty evenly divided. The United Farmers are now considering the advisability of contesting Medicine Hat for the House of Commons in the event of Hon. A. L. Sifton, the present member, retiring. Mr. Sifton is reported to be slated for the Supreme Court bench.

MORE COMPLETE RETURNS FAIL TO CHANGE OUTCOME OF ELECTIONS IN STATES

(Continued from page 1.)

The defeat of Governor James D. Black, Democrat, for re-election in Kentucky, where Edwin P. Morrow, his Republican opponent, was credited to-day with a plurality approaching 30,000 probably will be more discussed than any other State result by party managers.

The Senate fight over the League of Nations, entered into the Kentucky contest to some extent, Governor Black, declaring for the League in his campaign.

The Republicans will also control the lower House in Kentucky, while the Democrats will control the Senate. The wet and dry issue also entered into the Kentucky contest, a state-wide prohibition apparently having been defeated decisively.

Lee M. Russell, Democrat, was elected Governor of Mississippi by the usual majority. He was opposed by a Socialist who polled only about 1,000 votes.

In New York State the election turned on judges of the Supreme Court. Tammany candidates suffering complete defeat.

In the city representative F. H. Laguardia, Republican, was leading Robert L. Moran, the Tammany Democrat, for president of the board of aldermen, but an official count may be necessary.

In Philadelphia Rep. J. Hampton Moore, Republican, scored an easy victory for mayor, and in San Francisco James Rolph, Jr., was swept into office as mayor for the third time in a non-partisan fight, defeating former Mayor Eugene E. Schmitz.

Trenton, N. Y., Nov. 5.—Edward I. Edwards, Democratic candidate for Governor for New Jersey, was elected yesterday by a plurality of approximately 12,000. With returns missing early to-day from only 31 of the 2,011 district in the State, he had 308,371 votes as compared with 191,147 for Newton A. K. Bigbee, his Republican opponent.

The victor staked his political future upon the "wets" and won. The Republican nominee had the backing of the anti-saloon league. Edwards is pledged to oppose ratification of the prohibition amendment and to fight by "all lawful means enforcement of anti-liquor laws." He has promised his support to woman suffrage.

The Democratic governor-elect will have a Republican legislature against him.

Tammany Lost Out.

New York, Nov. 5.—Complete returns for the board of aldermen show that Representative F. H. Laguardia, Republican, defeated Robert L. Moran, Democratic incumbent by 1,363 votes. An official recount will be asked for in Mr. Moran's behalf. Tammany lost all contests for seats for the Supreme court bench in the first and second districts. James A. Foley, Democrat, scored a victory over James O'Malley, Republican, surrogate of New York county.

The Socialists failed to make good their claim that they would poll a larger vote than they did in 1917 and apparently gained no seats in the assembly.

Mayor of Philadelphia.

Philadelphia, Nov. 5.—Congressman J. Hampton Moore of the Third Pennsylvania district was elected mayor of Philadelphia yesterday, receiving one of the largest Republican pluralities ever given a mayor of this city.

Maryland in Doubt.

Baltimore, Md., Nov. 5.—The result of the election in Maryland yesterday was still in doubt this morning, with both sides claiming the governorship by a small margin.

Kentucky Governorship.

Louisville, Ky., Nov. 5.—With ten counties missing out of 120, unofficial returns early to-day gave Edwin H. Morrow, Republican, a majority of 28,579 votes over Governor James D. Black, Democrat, in the race for Governor of Kentucky.

Unofficial returns from thirty counties indicate the State-wide prohibition amendment was defeated by a majority of 15,511.

The Republicans will control the lower house and the Democrats the senate.

Takes the Count.

Cleveland, O., Nov. 5.—Incomplete returns this morning indicated that Johnny Kilbane, featherweight champion pugilist, Democratic candidate for city council in the first ward, had been defeated by Councilman A. R. Dietrich, Republican.

Governor Coolidge.

Boston, Nov. 5.—Governor Calvin Coolidge, Republican, who made support of law and order the sole issue of his campaign, was re-elected yesterday by a plurality of 134,173 over Richard H. Long, Democrat. The revised vote of the state complete:

Coolidge, 317,847; Long, 193,674.

The vote given Governor Coolidge was the largest ever cast for Governor in this State, although his plurality has been exceeded. Long also opposed Governor Coolidge last year, and was defeated by a plurality of 17,935.

The entire Republican state ticket was elected by large majorities. Although the Democrats gained four seats in the House of Representatives, the Republicans gained three in the Senate, and will have their usual large majority in both branches. The House will have 178 Republicans, 62 Democrats and two Independents and the Senate 33 Republicans and 7 Democrats.

Ohio Votes Dry.

Columbus, Ohio, Nov. 5.—Ohio yesterday voted to remain in the dry column by a majority which may reach three times the size of that by which it voted prohibition a year

ago, according to complete and unofficial returns early to-day.

Secretary of State Smith said early to-day that partial returns from half the counties indicated a dry majority on all four prohibition bills of apparently 75,000.

In addition to defeating the proposed repeal of State-wide prohibition, Ohio yesterday apparently voted by big majorities to uphold the action of that partial returns ratifying the Federal prohibition act: to kill a proposal for the manufacture and sale of beer containing as high as 2.75 per cent. alcohol and put into effect the Crabbe prohibition enforcement bill passed by the legislature last spring. All of prohibition proposals were initiated by the wets.

Mayor Harry L. Davis, Republican, was re-elected in Cleveland; Mayor Cornel Schreiber, Independent, was re-elected in Toledo, and Mayor George J. Karb, Democrat, was defeated for re-election in Columbus by J. J. Thomas, Republican.

President's Congratulations.

Washington, Nov. 5.—President Wilson from his sick bed to-day telegraphed Governor Calvin Coolidge of Massachusetts, congratulating him on his re-election, which the President said "was a victory for law and order."

GIVEN YEAR FOR STEALING AUTOMOBILE

Winnipeg, Nov. 5.—In the assize court yesterday George Hood, seventeen, and Fred Goodman, sixteen, pleaded guilty to stealing an automobile to go to Brandon and were sentenced to one year in jail. In declining to give suspended sentence, Judge Metcalfe said:

"The worst criminals we are getting now are the men who started by stealing cars."

ARE MILLIONAIRES HAPPY?

Can millionaires be happy? A writer asks the question apropos of the death of Mr. Andrew Carnegie, and inclines to answer it in the negative.

Baron Nathan Rothschild is quoted as an interesting case in point. "You must be a happy man," said Sir Thomas Fowell Buxton to him one day: "You have an earthly paradise here."

"Happy!" replied the Baron, in a bitter tone. "What? Happy, when just as you are going to dinner a letter is placed in your hand, notifying, 'If you do not send five hundred pounds I will blow out your brain'?" "Happy? I happy?" And, added the chronicler of the incident, who doubtless had the version from Sir Thomas, "a grim, sardonic smile prevailed on his countenance as he ruminated on the farcical absurdity of this idea. Ever a prey to empty, vague fears, the control and protection of his millions deprived him of all peace of mind or contentment."

Then there was the case of Stew-

art, the millionaire owner of a New York dry goods store. The rapidity of his rise to wealth surprised even the Americans. He died and left his widow—a country-bred girl—so much money that her life became intolerable. Her nearest approach to happiness was after she had surrounded herself with detectives, and she could peer through the curtains to assure herself that her guardians were on duty. There was a blight not only on her life, but on her millions, though the latter had been come by honestly. Her husband's grave was desecrated, and the body held for heavy ransom; the business deteriorated; the millions melted away, and the woman had no real happiness so long as life lasted.—Tit-Bits.

SPENCERS WILL EXTEND LARGE STORE IN VANCOUVER

Vancouver, Nov. 5.—Mr. Chris. Spencer announced yesterday morning that Spencer's Limited had completed the purchase of the Clarke & Stuart, Ltd., block at the corner of Seymour and Cordova Streets. The price was not announced. The lot is 80 by 120 feet.

By the taking over of this corner Spencer's, Ltd., are now in possession of the entire city block, with the exception of the two corners on Hastings Street, which are occupied by the Molson's Bank and the Bank of Montreal. It is understood that the firm contemplates considerable extension of the big departmental store at an early date.

SHOULD PRACTICE CHRISTIAN IDEALS

Everyone Is Either For or
Against God, Says Gypsy
Smith

Appealing for the practice of the higher ideals in daily life and severely scolding the lukewarm Christian Gypsy Smith last night again addressed a large audience at the Armories. It was the professing Christian who did not live up to the true Christian standard that the speaker attacked.

"You are either a child of God or a child of the devil. If you are living in selfish thoughts, selfish ways, mean, low down, that is the devil's way, and if you are living the devil's way you belong to the devil.

"This mission is revealing a good many people in your churches. If they were Christians they would be here helping us in this great work. You will hear them say, 'I have not much sympathy for revivals.' Now that is just what the devil says and when you say that you are condemning yourself out of your own lips.

Cannot Fool Almighty.
"He that is not for Me is against Me. I wish you would examine yourselves closely on that question. Do not deceive yourselves. It will not work. God is not fooled, if you are. You cannot fool God for a moment.

"You know when you have had your dinner and when you haven't, and you know when you are married—there is no question about that. I have never heard of a Christian answering, 'I think I am.'

"Yet there are lots of people who think they are Christians—and they do not think all the time. If a man can get religion and not know it, he can lose it and not miss it."

It was the good old faithful who attended the prayer meetings that kept the real Christian spirit of the church alive, said Mr. Smith.

Speaking of the care with which some people looked after their reputation, Mr. Smith remarked, "It is astounding how careful some people are of something they do not possess."

"It's my bucket, but your mud," he said, when referring to the fact that people in the city thought he was drawing too much distinction between the Christian and the non-Christian. "I'm dipping the bucket too low down they think and stirring up mud. Well, that is my business if there is any mud around."

In Timber Business.
Gypsy Smith announced last night that on Monday night next at the Armories he would speak on his experiences "From Gypsy Life to the Pulpit."

"I will tell you all about the days when I was a Gypsy boy. I was in the timber trade—selling clothes pegs on the streets.

On Friday night Mr. Smith will deliver a lecture on his experiences in France and Flanders. His subject will be "Three and a Half Years at the Front With the Boys." Mr. Smith worked during the war under the Y. M. C. A. and later lectured throughout Britain and the United States for the British War Office, and was decorated by the King with the Order of the British Empire for distinguished service.

A mass meeting for men only will be held on Sunday afternoon at three o'clock, and the evangelist makes special request that men of the city will turn out, and that all Bible classes and men of the different churches will be present.

OPPOSE CHANGE

Retail Clerks' Association Against
Switching Market Day to
Wednesday.

At their regular fortnightly meeting last evening the Retail Clerks' Association went on record as being opposed to the effort being made by stall-holders at the city market to have the mid-week market day changed from Tuesday until Wednesday. The Retail Clerks took the view that a change would be detrimental to the retail stores which are forced to close their stores on Wednesday afternoons. They endorse the action of the Board of Trade in opposing the change.

Messrs. Woodward and Hollins, delegates from the association to the City Council to request that the Council take necessary action to close all retail premises at 6 o'clock on Saturday nights, reported on their visit.

E. S. Woodward, delegate of the association to the National Labor Conference recently held in Ottawa, submitted a report on the work done at this important gathering.

Canada can get the Orders if you buy her Bonds.

Stylish Crepe de Chine and Georgette Waists At \$8.75

Waists that represent the newest styles and best qualities are displayed in this showing of season's latest vogues. The short descriptions given here of three styles included in the assortment will be very interesting to all requiring a good quality waist at such a moderate cost.

A neat tailored style in high-grade crepe de Chine is shown in shades of maize, flesh and white. The front of the waist and the neat fitting collar are daintily trimmed with cluster pin-tucking, and the sleeves have turn-back button cuffs.

Another very attractive square neck model is made from lustrous crepe de Chine. It has a front tucked panel and is nicely trimmed with buttons; the collar is square and finished with revers. This style is featured in flesh, maize and white.

A waist simply styled in good quality Georgette crepe, the only decoration being hemstitching and fine pin-tucking. The back is finished with yoke, the collar a new and graceful style. Shades of taupe, pink, bisque, navy, grey and sand are represented in this very desirable style. Call and see these pretty waists that represent such sterling value at, each .. \$8.75

A BEDTIME STORY
UNCLE WIGGILY AND NEDDIE'S HORSE.
Copyright, 1913, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

Uncle Wiggily Longears was hopping through the woods one day, not far from his hollow stump bungalow, when, all of a sudden, he heard a rustling in the bushes, and he was so surprised that his pink nose almost stopped twinkling.

"My goodness me, sakes alive and some peanut hash!" softly whispered the bunny. "I hope that isn't the Skeezicks or the Pipsieswah after me."

Carefully Uncle Wiggily peeked out through the cracks in the trees.

There he saw Neddle Stubbail, the nice bear boy, and Neddle was carrying something rather large in his paws. At first Uncle Wiggily could not tell what it was, but a second showed him that Neddle had a big rocking horse with him.

"Why, Neddle Stubbail! What are you doing?" cried the bunny rabbit gentleman, as soon as he was sure the Pipsieswah wasn't there. "Where are you taking that horse—to have new shoes nailed on him?" Uncle Wiggily wanted to know.

"No, indeed!" laughed Neddle, as he scratched his left ear with his right paw. "This is an old rocking horse I got last Christmas. I'm getting too big for such toys now, so my mother said I had better get rid of it."

"I hope you aren't going to leave the poor horse in the snow freeze," spoke Mr. Longears. "Of course I know it is only made of leather and paint and wood, but still you must remember that the rocking horse was a good friend to you, Neddle. It never kicked, nor bit, nor ran away with you, and often, when you were sad, he gave you a fine ride on his wooden back."

"I know he did," answered the bear chap. "And I'm not going to throw my horse away in the forest. I am going to take it to Baby Buntie. She is big enough to ride on a horse now, and my mother said Baby Buntie would like my old toy. So I'm taking it to her."

"That is very kind of you, Neddle," spoke the bunny rabbit. "If you don't mind, I'll go along with you to see how happy Baby Buntie is when she gets the rocking horse."

"Come along," invited Neddle, and soon he and Uncle Wiggily were skinning through the woods together, the bear boy, who was quite strong, carry-

IN WOMAN'S DOMAIN

Sir Henry Drayton, Minister of Finance, left last night for the mainland accompanied by Miss Drayton.

Mrs. J. G. Turfitt, wife of Senator Turfitt, arrived in the city yesterday and is a guest at the Empress Hotel.

Mrs. Harry Briggs, of Hampshire Road, has as her guest for a few days Miss Nora Stevenson, of Nanaimo.

Mrs. Percy Chiddle has gone over to the mainland on a visit to her sister, Mrs. G. R. Snider, of Vancouver.

Mrs. H. G. Bolt, of Gladstone Avenue, returned on Sunday afternoon from her former home in Saskatchewan, where she was called some weeks ago by the death of her mother.

Capt. Oliver Moon, C.A.M.C., returned on Monday night from a week's visit in Vancouver. With Mrs. Moon, he will shortly return to the mainland city to take up their permanent residence.

Mrs. Brougham, of Vancouver, was among the many who entertained at the tea held in the palm court at the Empress Hotel yesterday. Her guests included Mrs. Selden Humphreys, Miss Muriel Dunsinuir, Miss Ruth MacLean, of Vancouver, Mrs. Stephenson and Miss Daphne Brougham.

The Robert Valentine Chapter, I. O. D. E., will hold a dance on Friday evening, December 5, in Carter's Hall, opposite the Alexandra Club. This decision was made at the regular monthly meeting of the Chapter held yesterday afternoon. Mrs. David Miller gave her report on the annual meeting of the National Chapter which she attended.

Miss Florence Maclean, recently appointed to the teaching staff of the Vancouver Public Schools, left last week to take up her duties, and with her sister, Miss Dorothy Maclean, of the Dominion Immigration staff at Vancouver is a guest at the Abbotsford Hotel. The young ladies are the daughters of the Rev. Dr. Maclean, of Victoria.

Mrs. George Simpson is inaugurating the opening of the winter season with a Young Students' Dancing Club, which is to hold a series of private dances every Friday evening at St. John's Hall, Herald Street. On Saturday afternoon, Mrs. Simpson conducts a children's class for young dancers at the hall, and these weekly events are proving very popular with the young people.

PLEASANT CARD PARTY
Camosun Chapter, I.O.D.E., held enjoyable Entertainment at Alexandra Club.

A very enjoyable card party was held last night at the Alexandra Club by the Camosun Chapter I. O. D. E. Twenty-two tables were operating and the players stuck principally to five hundred and rummy.

The ballroom looked very attractive. It was decorated with garlands of ivy and baskets of beautiful flowers. Mrs. Henry Croft and Mrs. Douglas MacDonald received many complimentary remarks from the players on the artistic nature of their decorations.

The regent, Mrs. Andrew Wright; the vice-regent, Mrs. J. C. Barrie, Mrs. E. M. Love and the convener, Miss Agnew, welcomed the people as they arrived, and Miss Leitch directed the table arrangements.

Those present at the entertainment were as follows:

Mrs. McMullin, Miss Fitzpatrick Smith, Mrs. Margaret Jenkins, Mrs. Dunbar, Miss Hughes, Miss Johnston, Mrs. Herbert Kent, Mrs. P. Schwenger, Mrs. Harold Cove, Mrs. Travis, Mrs. Kippen, Mrs. Miles, Mrs. Richards, Mrs. Lennox, Mrs. Heisterman, Mrs. Bechtel and Miss Lester Jones, Mrs. Walsh, the Misses Russell, Mrs. J. A. Turner, Mrs. Bennett, Mrs. Christie, the Misses Hall, Mrs. R. Taylor, Mrs. David Miller, Miss Adair, Mrs. Hill, Miss Watson, Mrs. Blacklock, Miss Angus, Mrs. Rome, Miss Taylor, Mrs. Hazen Ritchie, Mrs. J. R. Phillips, Mrs. A. H. Shotholt, Mrs. Campbell, Mrs. T. J. Jones, Mrs. Courtney, Mrs. P. Ager, Mrs. J. H. Henderson, Mrs. McRae, Miss A. Morris, Mr. and Mrs. Savannah, Mr. and Mrs. Collison, Captain and Mrs. Mayhew, Mr. W. Agnew, Captain M. A. Kent, R. D. Travis, Mr. and Mrs. W. Campbell, Seattle; Mr. and Mrs. Wylie, Mr. and Mrs. Sylvester, Mr.

away, and Uncle Wiggily and Neddle took the rocking horse to Baby Buntie, and the little rabbit girl was made very happy. But never after that did the horse give even a tiny kick. So this teaches us we never know what a rocking horse is going to do. And if the church steeple doesn't tickle the ship's wheels, when it tries to turn a sky somersault on a cloud, I'll tell you next about Uncle Wiggily and Beckie's Ching-Chang.

Robert Valentine Harvey Chapter—Mrs. C. B. Jones, the regent, presided at the meeting of the Robert Valentine Harvey Chapter, I.O.D.E., held yesterday afternoon. Two new members were received into the chapter. It was decided to hold an informal dance in aid of the chapter's funds at Carter's Hall, opposite the Alexandra Club, on Friday, December 5. Cards will be provided for the entertainment of non-dancers. The meeting voted \$2.00 towards Miss Winnie's library for her special class. It was decided to change the time of the regular monthly meeting to the evening of the first Tuesday in each month in order to suit the convenience of members. Mrs. David Miller gave her report of the National Chapter, in which the members were greatly interested.

BIG CABARET AT

EMPRESS TO-NIGHT

Seattle, Vancouver and Local Artists at "J" Unit Chapter Event

Some of the foremost talent of Vancouver and Seattle, as well as local artists, will contribute songs and dances to the big cabaret which is to be held at the Empress Hotel this evening under the auspices of the "J" Unit Chapter, I. O. D. E. From the Sound City will come Miss Nettie Austin, a talented light soprano, whose singing of "Bubbles" and other popular songs created a furore there recently. Vancouver artists will include Miss Daphne Brougham, Miss Ruth MacLean and Miss Vivian Dana, while the local talent will comprise such popular favorites as Mrs. Selden Humphreys, who is to make a welcome re-appearance after several years' absence from the local concert stage, Miss Dorothy Kirk, Miss Muriel Dunsinuir, Miss Brownie Bodwell, Lieut. H. H. Webb and Arthur Gore. Mrs. A. J. Gibson will officiate as accompanist.

Mrs. Humphreys and a chorus comprising Miss Muriel Dunsinuir, Miss Brownie Bodwell, Miss Ruth MacLean and Miss Daphne Brougham, will sing the catchy number "Come on, Papa." Miss Dorothy Kirk is to sing "One Hour of Love With You." Miss Vivian Dana will present a specialty dance in costume; Lieut. H. H. Webb, the song "The Heart of a Rose," and Mr. Gore will sing that ever-popular favorite "The Big Bamboo."

The ballroom has been beautifully decorated for the occasion, and Professor Lou Turner's orchestra will furnish the music for dancing in between various "turns." Tickets may be obtained at the entrance. The proceeds will be used for the furtherance of "J" Unit Chapter's splendid work among the patients in the convalescent hospitals.

Robert Valentine Harvey Chapter—Mrs. C. B. Jones, the regent, presided at the meeting of the Robert Valentine Harvey Chapter, I.O.D.E., held yesterday afternoon. Two new members were received into the chapter. It was decided to hold an informal dance in aid of the chapter's funds at Carter's Hall, opposite the Alexandra Club, on Friday, December 5. Cards will be provided for the entertainment of non-dancers. The meeting voted \$2.00 towards Miss Winnie's library for her special class. AN ENGLISHMAN'S

VIEW OF CANADA

Rev. J. L. Batty Gives Interesting Address; Women's Canadian Club

When we come to understand the Anglo-Saxon race, then Canada shall enter into the greatest of her missions—that of being the hand of unity, the interpreter, between the English-speaking races of the homeland and of the great North American continent," was the vision of Canada's future described by the Rev. J. L. Batty, pastor of the Centennial Methodist Church, in the course of an address given before the Women's Canadian Club yesterday afternoon. Mr. Batty spoke on the subject of "An Englishman's View of Canada," and a residence of over twenty years in four provinces of the Dominion gave an added interest to his remarks.

PROGRESS IN GIRL

GUIDES' MOVEMENT

Delightful Concert in Aid of Cowichan Branch; to Re-organize

Duncan, Nov. 5.—A very delightful concert and dance was arranged by Miss Monk and the girls of her singing classes on Monday evening in St. John's Hall, Duncan, in aid of the gymnasium fund for the Cowichan Girl Guides.

The soloists were Hazel Castley, Kate Lamont, Kathleen Townsend and May Tombs. Mrs. Roberts, Mr. Tautz, Mr. Pollock and Miss Geoghegan kindly assisted with the programme. Hugh Savage made an excellent chairman and Miss Moxley played the piano accompaniment.

In thanking those who were responsible for the entertainment, K. F. Duncan, M. P., spoke of the value of the work learned by the Girl Guides, especially in first aid. One life had been saved in Cowichan through this knowledge, and the girls had rendered valuable first aid on more than one occasion. Their knowledge of woodcraft and out of door interests was a powerful factor in their development, and now their indoor activities for the winter would receive the strongest support.

The annual meeting of the Girl Guides Association will be held on Thursday afternoon in St. John's Hall at 3 p.m. In addition to hearing the reports of the past year's work, the association will be organized in a regular way and officers will be elected. Mrs. Moss, O.B.E., will give an address on "Duty and Service." Everyone interested in the movement is invited to attend, particularly the mothers of young girls.

PROTESTANT ORPHANAGE

Donations Included Generous Gift From St. George's School; Satisfactory Report.

The Ladies' Committee of the Protestant Orphanage met at the home on Monday afternoon, the president, Mrs. McTavish in the chair, and the following ladies attending: Mesdames W. G. McCulloch, W. R. Higgins, David Miller, W. Scowcroft, C. F. Todd, W. G. Cameron, Hiscocks, Andrew Stewart, Sherwood, Baird, J. W. Spencer, and the Misses Tolmie and Harger.

The House Committee reported making weekly visits and that five children had been taken out this month, and one received into the home. St. George's School had sent a valuable Thanksgiving donation including cash, nuts and groceries. Mrs. McCulloch and Mrs. Bradshaw were appointed visitors for November and bills amounting to \$155.84 were ordered paid. Votes of thanks were ordered to the Jubilee Hospital and the staff and pupils of St. George's School.

The following donations are gratefully acknowledged:

Cash—Share of proceeds of Alexandra Rose Day, \$124.34; Agnes Deans Cameron Chapter, I. O. D. E., monthly donation, \$10.00; Mrs. M. M. MacGregor, \$1.00; an Irish friend, \$10.00; Mrs. W. G. Cameron, \$2.50; Mrs. Hiscocks, \$2.50; staff and pupils of St. George's School, \$28.25.

Fruit and Vegetables—Reformed Episcopal Church, Emmanuel Baptist Church, St. John's Church, St. Luke's Church, St. Michael's Church, Campbell Street Church, Mr. D. Davis, Hallwright, Mrs. Nicolla.

Jam—Miss Harger, Miss Brink, Mrs. Walker, Miss May Tolmie, Mrs. Pace.

Clothing—Congregational Church, Mrs. D. McTavish, Mrs. S. Morley, Miss Alice Croft.

Bread, Biscuits and Cake—Victoria Gospel Hall, Knights of Pythias Hall, Mrs. C. T. Todd.

Doll's House and Toys—Mrs. Goulding.

Miscellaneous Shower—Staff and pupils of St. George's School, Dr. Bryant and Dr. Lewis Hall professional services; Times and Colonist.

Navy League Ladies' Guild—The meeting of the Ladies' Guild of the Navy League has been unavoidably postponed from Thursday to Friday next at 11 a.m. in the Connaught Seamen's Institute.

Phone 2477. Manicello for Chiropody, electrolysis, facials (nine different kinds), marcelling, scalp treatments, children's hair cutting, girls and boys, 517 Sayward Bldg.

To Secure Another Nurse.—At the regular monthly meeting of the Victorian Order of Nurses held at the headquarters, 1300 Cook Street, yesterday afternoon, it was decided to secure the service of another nurse to assist Miss McNair and Miss Norcroft. The report submitted at the meeting showed that the Order had accomplished a great deal of valuable work during the past month.

AN UNPOPULAR ANIMAL.

Jointly remarking that an Englishman was "an unpopular animal" in Canada, the speaker cited the case of a woman speaker in Vancouver who in the course of an address of over an hour on the subject of war work, only mentioned England twice and in each instance referred to a shortcoming. Mr. Batty declared it was by no means an uncommon instance for speakers to play up her shortcomings, yet the greatness of England's effort in the war could not be questioned. In the British navy 92 per cent. were English-born, while of every hundred pounds contributed to the support of the navy England gave ninety-six pounds. England had sent 7,000,000 into the war in one way or another, while 73 per cent. of the casualties were English-born men.

On the other hand, those in England were woefully ignorant of the immensity and greatness of Canada, and the speaker quoted instances to show that many were unaware that Canada and the United States were distinct entities. "If our relations in future are going to be what they should, it is necessary for England to have caught the vision of Canada's greatness, her future and her possibilities. My vision of Canada shows her wealth in riches of the outcome of the experience of the older countries of Europe. Canada, if she does not reap the benefit politically, socially and individually of the blunders and mistakes which had to be made by the older countries to reach their present-day civilization, is blind to her own interests," he continued.

Lax Moral Laws.

Declaring that an Englishman would not be true to type without his growl, Mr. Batty stated that he could never understand why Canada made a distinction between her criminal and moral laws. To an Englishman law was law and he was taught to reverence it next to religion. In Canada, however, was a criminal act and the law in this matter was rigorously enforced, but in such moral laws as that of prohibition and the Sabbath observance there was so much laxity that these laws were a farce, was the speaker's assertion. Ten thousand times better to have no law than have a law which people say is a farce," he continued.

Voicing his opinion that the salvation of the world rests with the English-speaking race, Mr. Batty reminded his audience that up till the time of the war, the English-speaking peoples were increasing at the rate of 50 per cent., while no other nation was increasing by more than fifty per cent. He visualized a future in which the whole of the English-speaking peoples of the world should be united in the decision to say that the sword should be beaten into the pruning-hook, and when that time came Canada would be the great link of unity between the people of the homeland and those of the United States.

Mrs. Hyndman moved, and Mrs. Frank Andrews seconded, the vote of thanks to the speaker as an illuminating and inspiring address. Miss Winnifred Bell added to the pleasure of the occasion by singing two solos with much charm.

Next-of-Kin Association—Conveners of the various committees will present their reports dealing with the activities of the Great War Next-of-Kin Association at the regular meeting to be held in the Victoria Club, Campbell Building, on Friday at 2.45.

THREE ISSUES FOR MINISTER'S VISIT

Hon. T. D. Pattullo Will Take Up Ground Hog Railway Question

Hon. T. D. Pattullo, Minister of Lands, left on Monday night for Ottawa to urge upon the Dominion Government a proposal to construct a branch of the Grand Trunk Pacific Railway into the Ground-Hog coal country, probably from Hazelton.

Indian Reserves.
Another question that Mr. Pattullo will urge on the attention of Ottawa is that of Indian reserves. This generation-old problem will be taken up with Hon. Arthur Meighan, Minister of the Interior. Since he took office Mr. Pattullo has been studying the report of the commission on Indian lands, which went into the whole question exhaustively. Correspondence with the Dominion Government has been proceeding and finally matters have come to a state where he feels that a ministerial conference may bring about results.

Under Confederation British Columbia was to set aside lands for Indian reservations and the Dominion was to care for the Indians. The lands were long ago chosen and are in use, but they have never been conveyed to the Dominion Government. The problem is not so much one of broad principles, but of a multiplicity of local details affecting the interests and rights of the Indians and the white settlers, as there are 700,000 acres in Indian reserves.

A third question to be dealt with next week at Ottawa is that of the proposal to reclaim Kootenay flats. Drainage here may become partly an international affair, for the valley of Kootenay River south of Creston extends across the boundary line.

THINKS CITY SHOULD REALIZE ON SKINS ON STRAY DOGS KILLED

Conversion by the city into money of the hides of stray dogs taken in by the poundkeeper to be destroyed is being considered by one of the members of the Pound Committee, he announced today.

Dogs that are unclaimed after being impounded are killed at the city's plant

on the waterfront at the foot of Herald Street and their bodies are destroyed in the big garbage incinerator. Because of the high price of all kinds of animal skins, the Alderman says that the city is losing much revenue through the destruction of the whole bodies of these animals. Revenue that might be obtained from this source, he claims, would go a long way towards reducing the deficit in the dog collection income, which is running under the estimate for the year.

The Alderman proposes that all dogs killed be skinned. The fur of a number of kinds of dogs is now being used for trimming clothing. Less valuable skins he believes could be converted into some sort of leather that might have a ready sale because of the general leather shortage. The Alderman says that he has been informed by dealers in skins that the price has doubled within the last three months.

Numbers of the stray dogs in the city that have been impounded this year have been taken out to chicken ranches near Gordon Head and down Sooke way to fight the plague of weasels that have been attacking the poultry.

BACK TO-MORROW

HAROLD BRAY

who will return home to-morrow from overseas service. His home is at 544 Madison Street. He served in France with the 4th Battalion and lost an arm in the last stages of the Great War. He has been attending the Orthopedic Hospital, Toronto. While there he was a member of the one-armed baseball team, a unique organization.

Rummage Sale.—Under the auspices of the Ladies' Aid of Esquimalt Methodist Church Thursday, 2 p.m., at the store next to Lock & Sons, butchers.

VANCOUVER LEADS IN VICTORY LOAN RACE

A wire congratulating the Terminal City on its splendid showing in the Victory Loan drive was dispatched to the chairman of the Vancouver Loan Committee this morning from the Victoria headquarters. While delighted that the Vancouver returns show that nearly \$8,000,000 has been invested there, it is understood that a considerable part of this sum was subscribed by people from the American side of the line. This all helps the drive along to its final objective, and is welcomed by the Loan heads, but it will not, of course, be reckoned in the competition between Victoria and Vancouver. Consequently the two cities are pretty even in the Loan race, with Vancouver leading by a small margin.

LESS INMATES IN AGED WOMEN'S HOME

At the meeting of the Aged and Infirm Women's Home, held November 4, the secretary reported that the matron had returned from her holiday feeling rested and that everything had gone very smoothly during the month, and all were in their usual health, except Mrs. Herbert, who was very ill.

Three had left who had spent several months in the home while their daughters were having a holiday, and one had entered, making the number fifty-two, which was less than it had been during the year. The committee was very sorry to hear of the illness of Mrs. (Capt.) Kinney, one of the members, and asked that a note of sympathy and some flowers be sent to her from the committee. The committee wishes to acknowledge with thanks the following donations for October: Mrs. Bamur, magazines; Mrs. Drury, pickles; Reform Church, fruit; Douglas Street Baptist Church, fruit and vegetables; Mrs. Sampson, potatoes; Mrs. Gregory Allen, papers; A Friend, papers.

Theory Examinations.—The theory examinations of the Associate Board of the Royal Academy of Music at the Royal College of Music, London, Eng., will be held at the Dominion Academy of Music, corner of Fort and Cook Streets, on Saturday, November 8, at 9:30 a. m. Supervisors, Mr. Chas. V. Milton. Candidates are requested to bring pen, ink, pencil, and rubber.

NEXT MOVE IS UP TO CITY, SAYS PREMIER

Suggests Plans for Separate Bridge and Fight If Necessary

"Thenext move is up to the City Council and if it understands its business it will move quickly," was the parting shot of Premier Oliver this morning after pointing to the city's remedy for the present impasse which is holding up the Johnson Street bridge project.

Mayor Porter and H. C. Hall, M.P.P., waited upon the Premier and the Hon. John Hart, Minister of Finance, in order that the matter could be discussed in the light of the Railway Company's demand that no railway cars other than those of the C. P. R. should cross the bridge. As Premier of the Province, Mr. Oliver took the position that the demands of the Railway Company were unjustifiable and should not be considered. He pointed out to the Mayor that in view of the Government's contribution of \$200,000 towards the structure the question was not entirely one for the city to deal with alone for the simple reason that it affected everybody who shipped anything here for distribution.

The Premier explained to His Worship that the city was not absolutely tied up to the Railway Company in the matter of a joint bridge. The city could prepare its own plans for a separate structure and submit them to Ottawa for approval. It went without saying, Mr. Oliver observed, that the opposition of the C. P. R. would be met with in that connection but definite action along those lines on the part of the city would enable the issue to be fought on its merits. And in that connection the Province was ready to co-operate in any interest in the whole controversy, being to give assistance of a character that would bring results.

Mr. Oliver was averse to putting the question up to the ratepayers and asking them to say whether or not the Railway Company should be permitted to impose its conditions and let it go at that.

NO SIGNS OF EARLY DROP IN SHOE PRICES

Head of National Shoe Manufacturers' Association Says He Was Misquoted

An Associated Press dispatch of October 15, quoted J. Frank McElwin, President of the National Boot and Shoe Manufacturers' Association, as stating that footwear prices were due for a decline, that they had dropped twenty per cent. since the middle of August, and would drop another twenty per cent. after Christmas. In a statement issued on following day, Mr. McElwin said he had been misquoted and declared that there was no indication of an immediate drop in footwear prices. "Shoe prices," he added, "never have reached the high peak reported by the August prices of hides." Although he explained, hides had declined twenty per cent. in price since the August high point, shoe costs were based upon still lower figures. "It is my opinion," he concluded, "that shoe prices for spring will be no lower than at present."

FRIENDLY HELP SOCIETY

Urgent Need For Gifts of Underclothing: Many Families Assisted.

Twelve members were present at the meeting of the Friendly Help Association held yesterday morning, and it was stated by the secretary that thirty-four families representing 110 persons had been assisted during the past month.

The need of new clothing to put in the Christmas hamper was put to the meeting, and a request made that the members and friends of the association, give liberally of new garments, especially children's, as was the custom before the war. Underclothing for men and children's shoes are very much needed. Appreciation was expressed for the kind thought of S. T. Hankey and Richard Day for presenting "our boys" in aid of V. A. D's and Friendly Help, and the hope was also expressed that the Royal Victoria will be well filled on Wednesday and Thursday evenings, November 12 and 13, so that both societies will be benefited and their funds increased.

The Friendly Help Association acknowledge with grateful thanks the following donations received in October: Cash from Mrs. Lovett, A. Friend, Mr. Duckworth, Mrs. Fletcher, C. F. Todd, H. Lethaby, J. Forman, Wall and Teusz, Miss J. Murray, J. D. Virtue, Victoria City Dairy Co., G. D. Christie, J. A. Sayward and the City. Clothing from Mrs. Lovett, Mrs. Fagan, Mrs. Fagan, Mrs. Bowser, Mrs. J. A. Hall, Mrs. Sabin, Mrs. Crease, Mrs. Daroy, Mrs. Dunford, Mrs. P. Austin, Mrs. Bowden and Mrs. H. Martin. Shoes from Mrs. Crease, Mrs. Bowden, G. D. Christie, Mrs. Scowcroft. Boys' clothing from Mrs. Walker and Mrs. Hudson. Tea from Mrs. Taylor. New garments from Mrs. Smith. Vegetables from Mrs. Beaven.

Dance To-night—K. of C. Hall, 724 Fort Street. Miss Thain's orchestra. Refreshments and cards. Tickets 50c.

REAL ESTATE MEN REORGANIZE FOR NEXT YEAR'S ACTIVITY

President Plans to Bring All Operators Into Exchange Organization

Resurrection of the Victoria Real Estate Exchange which has been in a state of coma during the war, was started to-day by C. T. Cross, who has been president of the organization for the last six years, following a luncheon attended by twenty-six of the leading operators yesterday.

The exchange suspended activities on the outbreak of war as many of its members immediately left for overseas, and many of the business firms were demoralized. Since then the organization has been in existence, but it has displayed no activity. The services of its officers have been continued voluntarily so that everything would be in order to take up work when the war ended.

Mr. Cross and his officers are now taking steps to have the machinery in full working order again before the annual meeting which is scheduled for the beginning of next year. All former members who went overseas are being fully re-instated. All other former members who have allowed their association with the organization to lapse are being induced to become active again. Steps are being taken to bring within the fold all those real estate men in Victoria who have never been in the organization.

The first meeting will take place next Wednesday.

The re-organization is being stimulated by the feeling real estate men have of there being another boom impending here, and they are anxious to be ready for it.

Has Had Long Stage Career.—Miss Camille Rejane, the cellist who is appearing at the Panjages Theatre this week, wishes to correct an impression that this is her first vaudeville tour. Only a few weeks ago she completed a three-year contract with the Orpheum circuit. She is a New York girl and has met with great success on the stage.

If you try you can buy—VICTORY BONDS.

Get Rid of Your Fat

Thousands of others have gotten rid of their without dieting or exercising often at the rate of over a pound a day and without payment until reduction has taken place.

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of over-tness such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany overtness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat.

You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are overtness do not postpone but sit down right now and send for my free trial treatment and my plan whereby I am to be paid only after reduction has taken place if you so desire.

OBITUARY RECORD

The remains of the late Private H. D. Vivian, who died at the Jubilee Hospital, will repose at the B. C. Funeral Parlors until the arrival of his mother from Winnipeg, when funeral announcements will be made.

The funeral of Mr. Alfred Poppleton Hebdon, who passed away at his home, 610 George Road, on November 2, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. The service was largely attended by relatives and friends and the numerous beautiful floral tokens testified to the high esteem in which the deceased gentleman was held.

The Rev. J. L. Batty delivered a very impressive service and the hymns sung were: "Abide With Me," "Art Thou Weary, Heavy Laden?" and "In the Sweet Bye and Bye." The following acted as pallbearers: J. D. Braden, A. Stokes, W. Bachelor, W. Agnes, H. Cousins and H. E. Ashby. Interment was made at Ross Bay cemetery.

The death occurred at the Jubilee Hospital Nov. 4, of Robert Denison, aged seventy-two years. He was a native of Ottawa, and a resident of Victoria for the past thirty years. He is survived by a brother in Vancouver. The remains are replying at the Thomson Funeral Home, 1625 Quadra Street, and funeral arrangements will be announced later.

Students' Recital.—Madame Kala Webb announces a students' recital and distribution of R. A. M. certificates at the Dominion Academy of Music, corner Fort and Cook Streets, next Friday evening at 8 p. m. Friends of students are invited to attend.

Frederickton, N. B., Nov. 5.—Provisions of the assessment law under which incomes of women over the general exemption of \$500 are taxable, will be enforced in Fredericton. It is understood, Women will be taxed upon incomes commencing with 1920 in this city on the same basis as men and they also will be given the franchise in civil elections under legislation which the City Council will seek when the Provincial legislature meets.

WOMEN TO BE TAXED.

Imitations Are Dangerous.

AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine? If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

Someone some day may try what this druggist was advised not to try, so beware. Remember that Fletcher's Castoria is safe and not an experiment.

Children Cry For Fletcher's CASTORIA

Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants.

Druggists generally, the great majority, are reliable and think only of the welfare of their customers. But there is the other kind, as seen above, whose only aim is the greater profit in handling spurious goods. Again we say: beware.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitators are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

THE CENTAUR COMPANY, NEW YORK CITY.

MACHINE GUN CORPS IS WELL ADVANCED

British Columbia Ahead of Any Province in the Dominion

In the establishment of the Machine Gun Brigade under the militia re-organization, British Columbia is declared to be further advanced than any other province in the Dominion. The establishment has been completed and it is expected that the machine guns will arrive within the next two months. About twenty men have already enrolled in the Victoria Company to be known as No. 1 Company of the 11th Brigade, of which Lt.-Col. L. F. Pearce is in charge. It is hoped to make the strength up to 150 by the enlistment of men who have served in machine gun units overseas.

Returned Officers.

Major H. W. M. Rolston has been appointed to take charge of the Victoria Company, with three other returned officers in charge of the batteries, Captain Hedley, Captain Cowan and Capt. Ball. Major Rolston, who was an original 11th C. M. R. officer, was machine gun officer of the Fort Garry Horse in France. Headquarters of the brigade have been established at the Drill Hall, Victoria, with Captain J. M. Cummins as permanent adjutant. A permanent brigade sergeant-major and brigade quartermaster-sergeant will be appointed.

A definite assurance has been given that the brigade will not be used as strikebreakers, but their services will only be called upon for the protection of life and property.

DISCUSS WATER SITUATION

Victoria West Brotherhood Indignant Over Shutting Off of Esquimalt Water So Frequently

The Victoria West Brotherhood held a well-attended meeting in Semple's Hall last night. The frequent shutting off of the water supply by the Esquimalt Water Company, with little or no notice, to the discomfort of every household, the impairment of health, total lack of protection from fire, and the possible increase of fire insurance rates as the result thereof, was dwelt on at length, and the situation will be placed before the City Council in an uncertain manner. The consensus of opinion was that the city and Esquimalt systems should have a connecting pipe so as to meet possible breakdowns on either side.

Sympathy was expressed with the Rotary Club's boy movement, and a committee, consisting of Messrs. Mercer, Witter and Campbell, was appointed to confer with representatives of various other organizations interested in the movement.

Preparations are being made for a first class entertainment to be held on Friday, December 5, for the purpose of relieving any destitution that might exist in the district at Christmas time.

At the conclusion of the business meeting Miss Helen Stewart, city librarian, gave an interesting and instructive address on "Municipal Responsibility for Education," which was well received and culminated in a decision to hold a round table conference on education in Semple's Hall, Tuesday evening, November 18, commencing at 8 o'clock, to which all persons specially interested in education, are invited.

CAMOSUN CHAPTER HELD CARD PARTY

Under the auspices of the Camosun Chapter, O.E.D., a very enjoyable card party was held at the Alexandra Club last evening. Eighteen tables were engaged in playing bridge and five hundred, and in addition a number of spectators watched the games with much interest.

The reception committee, comprising the regent, Mrs. Andrew Wright, vice-regent, Mrs. J. C. Barnacle and Mrs. E. M. Love, and Miss Agnew, convened, welcomed the players as they arrived, and Miss Leitch directed the table arrangements. Very attractive prizes were awarded the winners in the games, bridge being won by Mrs. Schwenkers, Mrs. Wylie, Messrs. Mayhew and Kent, while the five hundred game was won by Mr. Griffith R. Hughes and Mr. Sylvester.

The ballroom looked unusually attractive with its decorations of ivy garlands and baskets of lovely autumn flowers, their arrangement being the artistic handiwork of Mrs. Henry Croft and Mrs. Douglas MacDonald.

Supper was served shortly before

midnight in the cafe downstairs, which had been charmingly decorated with bright autumn blooms by the regent, members of the executive and councillors of the chapter.

POSTAL WORKERS SAY THEY HAVE NOT GOT REAL PAY INCREASE

Telegraph Resolutions to Ottawa Protesting Against Treatment

Victoria postal workers decided last night that although the Government had theoretically granted them an increase of pay they are now finding that some of them are actually getting less. The old provisional allowance for the high living cost has been taken away, but the new classification has not yet been brought into effect.

The carriers who are members of the Amalgamated Postal Workers' Union decided at their meeting last night that some action should be taken as they thought such treatment was no joke. Member after member got up and in spirited fashion denounced the Government for giving the public a false impression that the postal workers were being generously treated.

Resolutions were passed protesting against the Government's actions and its proposal to postpone enforcement of the re-classification of wages for postal workers. It was also resolved that the provisional allowance should be again added to the monthly pay checks.

It was said at the meeting that postal employees in other cities of Western Canada are adopting the same attitude towards the Government.

Christian Sivertz, acting secretary, telegraphed to the Acting Premier, one of the resolutions passed last night, reading: "We express great indignation and dissatisfaction at non-fulfillment of the Government's promise to make the classification and salaries retroactive from April this year; also, at the reduction in actual wages being received under the bonus regulations caused by the withdrawal of the old Western provisional allowance of \$180."

This resolution was telegraphed to the Civil Service Commissioner at Ottawa:

"That the civil service commission be urged to restore the old provisional allowance of \$180 for this year as the present regulations only give an increase of \$240 to meet the abnormal increase in the cost of living since 1914."

JUST SEE HOW POSLAM HELPS SKIN OVERNIGHT

Poslam soothes, refreshes and heals suffering skin, with never a possibility of harm. A brief experience with Poslam will prove its value. For instance, apply a little on some affected part at night. In the morning, your own eyes find evidence of its healing work. The trouble was slight—a simple or inflamed spot—the chances are that it has disappeared. If a virulent eruptional disorder, it should be subdued, so much so that you will want Poslam to keep right on.

Sold everywhere. For free sample write to Emergency Laboratories, 212 West 4th St., New York City.

Poslam Soap is a daily treat to tender skin. Contains Poslam.

HAD ENJOYABLE VISIT

Party of Editors Pleased With Entertainment in Victoria

The party of visiting newspaper editors which were taken for a tour of the city and neighboring district yesterday by Publicity Commissioner W. A. McAdam, of the Victoria and Island Development Association, were greatly pleased with their entertainment here, and all expressed a determination to give Victoria a good "send off" in their publications when they got back to their editorial desks.

The motor tour included a call at the Dominion Astrophysical Observatory, where Mr. Little went to great trouble in explaining all the details of the observatory mechanism, and the work it was capable of doing. The editors were much impressed. The party then proceeded to the home of Mr. and Mrs. R. P. Butchart and was greatly taken with the sunken gardens there, although now not nearly as beautiful as in the summer months.

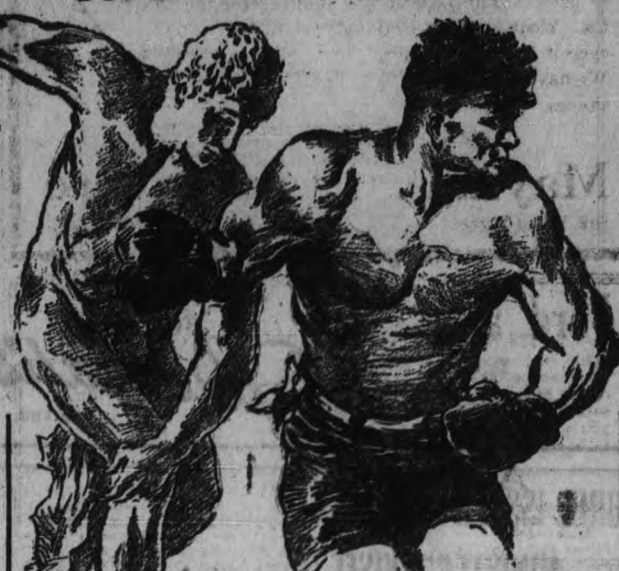

Will Nuxated Iron Help Men Of Today Gain Strength And Endurance Like Athletes of Old?

Physician Says "Yes"—Cites Case of

Jack Dempsey, Heavyweight Champion of the World

SUPERMAN OF THE AGE

Who Used Nuxated Iron as a Part of the Training Which Gave Him Such Marvellous Physical Development that He Was Able To Whip The Mighty Jess Willard—

To every man who lacks physical strength and energy there comes a longing at times to possess the power and endurance of an athlete, yet they go on struggling through life weak, nervous and run-down, when in reality their trouble may be nothing more than lack of sufficient iron in the blood.

Had they not kept their blood rich in iron the athletes of old might never have achieved such fame, is the opinion of Dr. James Francis Sullivan, former physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, who believes that modern men who are lagged out by worry, work and other strains might readily build up their strength, energy and endurance by increasing the supply of iron in their blood.

As an example of the superb physical condition that may be obtained by a man of today who follows proper methods of living and who keeps his blood filled with strengthening iron, Dr. Sullivan cites the case of Jack Dempsey, who used Nuxated Iron as a part of the training which gave him such marvellous development that he is now recognized as the Superman of the Age and perhaps the superior of any famous athlete of ancient times. In connection with his use of Nuxated Iron, Dempsey says: "Nuxated Iron put added power behind my punch and helped me to accomplish what I did at Toledo. From the results in my own case, where the possession of super endurance is necessary, I feel that I am in a position to strongly recommend Nuxated Iron to every man and woman who wants to build greater strength, energy and power."

In commenting on the foregoing statement made by Dempsey, Dr. Sullivan says: "It should occur to every thinking person that if a man as physically fit as Dempsey should consider it advisable to take Nuxated Iron, how much more important it is for the average man or woman to see that there is no lack of iron in the blood. In my opinion, the men of today who want to be strong, sturdy and successful must either live more as did the athletes of old or else supply their iron deficiency in their blood by taking some form of organic iron—Nuxated Iron. I have used Nuxated Iron in my practice and know of nothing more effective for building up the system and increasing the red blood corpuscles, thereby energizing and fortifying the blood against the ravages of disease."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to ignominious defeat simply for lack of iron.

Measurements: "Now, Nuxated Iron which is prescribed and recommended above, is not a secret remedy, but one which is well known to druggists. Unlike the older iron preparations it is not constipating, does not irritate the stomach, make them black for hours the stomach. The manufacturer guarantees powerful and satisfactory results to every purchaser or they will refund the money. It is dispensed in this city by all good druggists.

Sold in this city by C. H. Bowes, and all good druggists.

The coarse foods and rigorous methods of living practised in ancient times made rich red blood for the men whose feats of strength and endurance won fame for them through the ages. Today modern methods of cookery extract much of the natural iron from our blood and this, coupled with the more rapid pace at which we live, make it necessary in our present age to supply the iron deficiency thus caused by taking some form of organic iron—Nuxated Iron—so as to build up a race of sturdy, red-blooded men.

up the system and increasing the red blood corpuscles, thereby energizing and fortifying the blood against the ravages of disease."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. CALL MEETING TO DISCUSS GRATUITY

Matter Will Be Debated by Great War Veterans To-night

In less than five minutes after the meeting had opened, with a silent tribute to departed comrades and the admission of new members, the bonus question came up at the Great War Veterans' Association last night. President J. H. Axon presided over a good attendance of members and informed the meeting that the executive recommended that a special meeting be called for the following night to discuss the bonus question only.

Several members expressed the opinion that it should be a combined meeting of returned men, but it was pointed out that the meeting would be acting on a communication from the Dominion Executive, and therefore would have to be a meeting of members of the G.W.V.A. It is possible a combined meeting will be called later.

Members were urged to be on hand at to-night's meeting, and there is every indication that the meeting room on Fort Street will be crowded when the burning question among the veterans is discussed.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation, and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and some times very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

"From Gypsy Tent to Pulpit" is subject of address by Gypsy Smith, the great evangelist, in new Drill Hall Friday night. Don't fail to hear this fascinating story. Bring your neighbors.

If it isn't a VICTORY BOND it isn't the best security on Earth.

Dental Treatment That Will Prove An Economy

The dental treatment provided at this office will give lasting satisfaction for every material used is warranted to be of the most durable nature; furthermore, these high-grade materials are applied in a manner that modern dental science proves will be both beneficial and lasting.

If your teeth are otherwise than perfect, let me give them an examination to-day. I will then be able to tell you exactly how much you need spend in order to have them made permanently beautiful and healthy.

SAYS YOUNG TEACHERS DO NOT KNOW LIFE

Young teachers, without the vaguest knowledge of life or citizenship, after only one year in Normal School, are being sent to classes, said Miss Helen Stewart, city librarian, to the Victoria West Brotherhood last night.

She deprecated this practice, declaring that the primary object of education should be to teach children how to fit themselves for the battle of life. But now it is discovered that this is not being done, as the very teachers themselves were never in contact with life in its manifold exigencies. The teachers were not to blame for being in the position of not knowing the various sides of life, she went on, but the system.

Miss Stewart denounced the system of confining education to the three "R's" or drill subjects, and the elimination of thought subjects which would instill life and imagination into the youth of the country. What was attempted along the lines of instilling imagination has always fallen down because the efforts to inculcate it have been confined to stereotyped drill methods.

She also told of the lack of co-ordination in the education of the Dominion under various provincial governments and municipalities.

VANCOUVER ISLAND NEWS

Death of Mrs. Eby.

Maude Dale Eby, wife of Oliver Eby, manager of the David Spencer Ltd. store in Nanaimo, died at midnight last night at Nanaimo after a brief illness. Mrs. Eby had lived here nine years and is well known in Victoria and Vancouver. She is survived by her husband and daughter Virginia, aged six years; a sister, Mrs. J. A. Laurence, Seattle, and a brother in North Dakota.

The Coal Strike.

The Canadian Western Fuel Company, it is stated, will not be affected by the American miners' strike and will not increase the export of coal to the United States.

Mrs. Smith's Visit.

Mrs. George Smith, of St. Catharines, Ont., the National Educational I. O. D. E. Secretary, will speak on the I. O. D. E. War Memorial Education at a public meeting in Odd Fellows' Hall, Nanaimo, next Thursday evening, when she will be tendered a reception by the Bastion Chapter. At the monthly meeting of the Chapter yesterday afternoon the I. O. D. E. pin with the blue bar, given to wives of soldiers, was presented to Mrs. A. Leighton, Mrs. Jeffrey Plants, and Mrs. J. E. Partington. The Chapter will provide refreshments at the Native Sons' dance on November 27. Mrs. Randle, vice-regent, occupied the chair.

It is Many Years since there was so good a showing of pretty dolls as are now being shown at the Beehive. A splendid assortment of French and English dolls, moderately priced. Select one now and have it reserved.

The Hotel Douglas was to-day transferred by the Credit Foncier Company (who are the owners of the building) to Mr. and Mrs. Joseph C. La-Belle, formerly of Field, B. C., who took possession this morning.

November 1. Mr. and Mrs. La-Belle have operated hotels and dining rooms in connection with the Canadian Pacific Railway system for many years, and are widely known as expert caterers, their hotel at Field having been for several years a popular rendezvous for tourist and commercial travelers. The magnificent dining room, which is forty feet by thirty feet, will be splendidly furnished within the next fourteen days, and the new proprietors then propose to put up the best meal in Victoria, probably a very excellent merchant's lunch will be available for half a dollar—and the kitchen is now being overhauled by a very competent culinary expert, in which Mrs. La-Belle intends to employ white help only, she having brought with her an Old Country cook whose fame has long been a household word amongst the railway employees and other regular travelers through the Rockies. The Douglas was splendidly refurbished two months ago by the Credit Foncier Company, who are just adding a large number of beautiful wardrobe cupboards, and most substantial lobby furniture. A splendid auto will meet all trains and boats, and the new proprietors will be glad to welcome their numerous friends from all parts of the country at their new hostelry.

Put your Money into VICTORY BONDS.—It will return to you as Wages.

Next Pythian Social Dance in K. P. Hall, Thursday, November 6, 9 to 12. Invitation. Ozard's orchestra.

The West Saanich Women's Institute will hold a dance at Agricultural Hall, Saanichton, Friday evening, November 7. Good music and refreshments.

Liberals to Meet.—To elect officers for the coming year, Liberals of Wards Four and Two will hold their annual meeting at 8 o'clock to-night at the Liberal Headquarters, Arcade Building.

Girls' Corner Club.—Arrangements for the Corner Club tea, which will be served as usual in the club rooms, Odd Fellows' Hall, on Thursday at 4.15 p. m., are in the hands of the Metropolitan Missionary Circle this week and a large attendance is expected. Following the tea the girls will go in a body to hear Gypsy Smith at the Armories, where seats have been reserved for them.

NEW "CAFE-DANSANT" OPENED YESTERDAY

Ex-Nursing Sister and Ex-Soldier Open "The Piccadilly" Tea-room

Following the lead of the larger metropolitan cities Victoria now has a "cafe dansant," where lovers of dancing may indulge in their favorite pastime every day. In the opening yesterday of "The Piccadilly" tea-room in the premises formerly occupied in the Sayward Building by the "Mecca Grill," a progressive note was struck which will doubtless appeal strongly to the members of the younger set as well as to the many tourists who look for entertainment during their stay in this city.

The new enterprise is under the management of ex-Nursing Sister Marian Price, who wears the Royal Red Cross in recognition of her devoted service during four years' nursing overseas, and G. W. Turner, who served with the 4th Battalion, C. E. F. "The Piccadilly" is to be run on similar lines to the cafes in England, which proved so popular with Canadian soldiers and nursing sisters during their periods of leave from active service.

Yesterday the spacious room looked charming with its decorations of autumn foliage and chrysanthemums, and by five o'clock the excellent floor was well filled with dancers who one-stepped and fox-trotted to the strains of music furnished by Miss Houck.

The intention is to have the place open from 3.30 to midnight daily. As dancing is to be the primary attraction, there will be no attempt to serve anything but tea and light refreshments at any time. The charge for the afternoon and evening is not, however, quite the same, it being a foregone conclusion that most of the patrons at the later hours will wish to remain longer. The admission, therefore, ensures a table and a seat, with the privilege, of course, of dancing when they choose, and also of receiving refreshments.

Holding a Silver Tea.—This afternoon the Ladies' Auxiliary of the Army and Navy Veterans is holding a "silver tea" in the organization's rooms in the Pemberton Building. A splendid musical programme is being rendered.

Receive Veterans Thanks.—Yesterday afternoon the regular monthly meeting of the Ladies' Auxiliary of the Army and Navy Veterans was held in the Pemberton Building. A letter was received from the Veterans Douglas was splendidly refurbished two months ago by the Credit Foncier Company, who are just adding a large number of beautiful wardrobe cupboards, and most substantial lobby furniture. A splendid auto will meet all trains and boats, and the new proprietors will be glad to welcome their numerous friends from all parts of the country at their new hostelry.

For Marriage Dowers BUY VICTORY BONDS.

Big Fleas have Little Fleas.

Upon their backs to bite 'em, And little Fleas have lesser Fleas, And so ad infinitum.

Kill the lot with Keating's Powder. Cartons only 15c, 25c and 40c. "Keating's" is unrivalled and harmless to everything but insects.

To Find Wrong of Society.—The organization of open forum so that "under opinion" could be given a chance to express itself to help adjust what is wrong with society and the formation of a parent-teachers' association in Victoria West, were proposed by the Rev. Robert Connell at the Victoria West Brotherhood last night. He said action should be taken by the Brotherhood to call a round-table meeting to consider these questions. He declared that no solution of the social problem would come from "the top."

Helping the Widow.—A letter of thanks received from a widow was read at the Great War Veterans' meeting last night. The writer was to be discharged from a position in the Dominion Civil Service to create a vacancy for a returned soldier, but the G. W. V. A. men took up the matter, pointing out that they did not wish a widow to be discharged to make way for a veteran. As a result of their representations the woman was retained.

Defendant Wins.—In the County Court this morning the case of Whitaker vs. Hodgkinson was tried before Judge Lammiman, when a decision was given in favor of the defendant. Percy Walls appeared for the plaintiff and Mr. Herchmer for the defendant.

Exhibition of Naval Pictures.—A series of official photographs depicting naval scenes during the recent war is now being shown in Canada under the auspices of the Navy League, and will be on exhibition at the Alexandra Club from December 8 till 12 inclusive. These photographs are exceedingly interesting and vary considerably in size, one of the largest being thirty feet by seventeen feet.

Admiral Jellicoe's Reply.—Capt. Martin, R. N., has received the following reply to the message sent by the white ensign men to Admiral Jellicoe, in reference to the proposed reception and presentation to the Admiral: "Feel greatly honored at proposed presentation but as ship will probably arrive late p. m. 8th, and time will be fully occupied with official visits, sunset setting in time and day for ceremony after arrival. Jellicoe." Definite plans of the reception will therefore not be available until after the arrival of the H. M. S. New Zealand.

Injured His Leg.—Philip Smith, a boy of about sixteen, whose home is at 622 Princess Avenue, was taken to the Jubilee Hospital this morning suffering from injuries to his leg sustained when he fell from the roof of a boat house near the Marine and Fisheries dock. The boy fell into the water and was rescued by the second mate of the S.S. Estevan.

The Plague of Pimples

Body Covered With Them.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble they are very unsightly.

What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N.B., writes: "For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can strongly recommend B. B. B. to anyone who is troubled with skin diseases."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

FINANCE MINISTER TALKS TO CHILDREN AT STORMY SESSION

Visits George Jay School to See Thrift Family; Speaks of Thrift Stamps

"The sight I saw in the George Jay School this afternoon, when Mr. Thrift and I talked to the children, was one of the greatest I have seen during my trip," Sir Henry L. Drayton, Minister of Finance, told his audience at the Empress Hotel last night.

Just as Mr. Thrift was leaving Victory Loan Headquarters yesterday afternoon, to speak to the pupils of George Jay School, Sir Henry Drayton expressed a desire to accompany him to see the school and the emblem of school children in Victoria. Needless to say, the Minister's wish was fulfilled.

The party consisted of Sir Henry Drayton, Brigadier-General Clark, E. J. Down, J. H. Talling and Mr. Thrift. Upon arrival at the school the visitors found the pupils assembled in the big Assembly Room.

Mr. Charlesworth, of the school, presided at the meeting, introducing Mr. Thrift as the first speaker. The children seemed delighted to see their old friend. He received him with much enthusiasm, and was highly delighted at the prospect of competing for the Bonds which have been presented by Sir Henry Drayton and Mr. Thrift.

Sir Henry Drayton then addressed the children in simple language they could understand as received, an ovation. The Finance Minister announced that it has been definitely decided by the Government to continue the Thrift Stamp and War Savings Movement, but stipulated that there must be very little expenditure on the part of the children to have the stamps on the just like postage stamps, and all expensive advertising will be eliminated, for Sir Henry said that he did not think that it was necessary to advertise Thrift Stamps among the sensible children of Canada. They knew a good thing when they saw it, he thought.

Home-Made Lotion for Wrinkled, Flabby Skin

To remove wrinkles and age lines, or to delay their formation, a simple lotion made by dissolving one ounce of pure powdered ascorbic acid in a half pint of witch hazel, will be found wonderfully efficacious. This tends to tighten and tone up the relaxed skin, making it firm and smooth. The ingredients of course can be had at any drug store or in toilet sections of departmental stores.

Bathe the face with this harmless lotion daily for awhile and every line will vanish, including the deepest cross lines and furrows. Even the first application gives surprising results. There is nothing better for reducing double chin and sagging cheek muscles, as well as enlarged pores. No trace of the treatment itself remains on the face, so your friends will not guess the reason for your rejuvenated appearance.

Berry Reinstated.—Comrade Roger Berry, who was among the first members of the Great War Veterans' Association and whose attitude on various matters has frequently aroused criticism at some of the meetings was reinstated at last night's meeting of the Great War Veterans' Association. The comrade had been suspended for three months.

But War Veterans Decide to Retain Their Former President

During one of several heated arguments at the meeting of the Great War Veterans' Association meeting held last night, President J. H. Axon jumped up from the chair, and, facing a member who had brought up an allegation that a clique was governing the association, said he would be pleased to tender his resignation.

"I am carrying out my duties in an absolutely fair manner, and no one can accuse me of doing anything else. If you don't think so I am quite ready to offer my resignation to the meeting. Amid cries of 'No! No!' the president persisted he would put it to the meeting.

"There is another thing," said the president "some member of the association has been getting at me in The Tribune. I can make that man out a liar. He's a liar."

"Second the motion," said the member who was responsible for the outburst, as the president said he would put the matter to the meeting. He called upon the vice-president to put the resignation before the meeting, but Comrade Tait refused to do so. The applause which greeted the vice-president's refusal closed the incident.

Home-Made Lotion for Wrinkled, Flabby Skin

To remove wrinkles and age lines, or to delay their formation, a simple lotion made by dissolving one ounce of pure powdered ascorbic acid in a half pint of witch hazel, will be found wonderfully efficacious. This tends to tighten and tone up the relaxed skin, making it firm and smooth. The ingredients of course can be had at any drug store or in toilet sections of departmental stores.

Bathe the face with this harmless lotion daily for awhile and every line will vanish, including the deepest cross lines and furrows. Even the first application gives surprising results. There is nothing better for reducing double chin and sagging cheek muscles, as well as enlarged pores. No trace of the treatment itself remains on the face, so your friends will not guess the reason for your rejuvenated appearance.

Berry Reinstated.—Comrade Roger Berry, who was among the first members of the Great War Veterans' Association and whose attitude on various matters has frequently aroused criticism at some of the meetings was reinstated at last night's meeting of the Great War Veterans' Association. The comrade had been suspended for three months.

MUNICIPAL OFFICE

IS GREAT PRIVILEGE

Says W. D. Lighthall, K. C.,
Founder of Union of Can-
adian Municipalities

In the protection of the rights of the people the question of rates charged by railways, street railways, telephone, telegraph, power and light companies were necessarily prominent," said W. D. Lighthall, K. C., in his valedictory address to the Union of Canadian Municipalities recently at Kingston, Ont. "These all partake of the nature of monopolies, either absolute or virtual. That fact shapes certain principles for which we fought, and these I ultimately put into the following form as fundamental and permanent stands to be taken:

Principles.

"1. The Canadian people shall not be ruled by any irresponsible monopoly.

"2. They shall not submit to methods of fraud or corruption.

"3. There shall be no perpetual franchises.

"4. Our heritage of natural resources affecting municipalities must not be sold, but leased, if not publicly operated.

"5. One generation cannot legislate away the rights of another.

"6. Municipalities must control their streets.

"7. Each Canadian shall have a fair deal from all who are granted corporate or other public privileges.

"8. Some court or council must always exist free and equipped to enforce the fair deal.

"9. The life of the poorest citizen must be made worth living, through his share of the best civic conditions and services.

"They express forms of our original British constitutional birth-right of personal liberty and right. In asserting them under fire, we have in fact been making constitutional history.

An Important Struggle.

"The third thing I want to say is that we are now at the beginning of a vastly important struggle which is connected with the foregoing principles. Control of all the essential necessities of life—bread, meat, oil, shoes, rubbers, textiles have recently passed into the hands of mergers which are virtual monopolies. By the nature of monopoly the monopolist fixes his price. The era of the laws of supply and demand has thus passed away. The people will not obtain the fair deal unless these irresponsible monopolies are absolutely controlled. In bringing about such control—in which process I believe a series of special tribunals like the Railway Commission are necessary—it is the duty of municipal men to take a leading part.

Permanent Improvement.

"The fourth thing I wish to say is that fighting has not been our sole aim, but rather we have principally sought to confer together for improvements in all that concerns the happiness of our communities. When we visit the cities and towns of both East and West, the results of the Union's past work in pressing for parks here, incinerators there and vast systems such as the Government telephones of the three prairie provinces, testify to the imprint we have been able to make by thus standing together, by this standing together we are indebted for much light on these things to the municipal men, and Unions of the United States as well as to those of Great Britain, with whom we have kept up a constant contact. The National Municipal League and its splendid secretary, Mr. Clinton Rogers Woodruff, have been invaluable.

A Great Privilege.

"The fifth thing I wish to say is that municipal office is a great privilege, a dignified and most important part of the Dominion's system of government. Not only so in itself, but in this and our Provincial Unions, the humblest holder of office in the smallest rural municipality will find that he has an opportunity outside his local circle to help forward and upward the whole national life—be it only by faithful attention to a part of the work of his union, or by some loyal and inspiring word fitly spoken at a convention. And I have taken some personal satisfaction at times in feeling that this union has enabled me to help at introducing far more beneficent legislation into Parliament, and to contribute far more to the establishment of beneficent institutions like rural telephone systems, hydro-electrics, parks, playgrounds and so forth, than at least nine-tenths of our members of Parliament.

"We have seen the majority of our principal cities eagerly sought by Cabinet Ministers and Senators as a crown to their careers. It is so because they recognize the large field open to municipal activity.

Value Office.

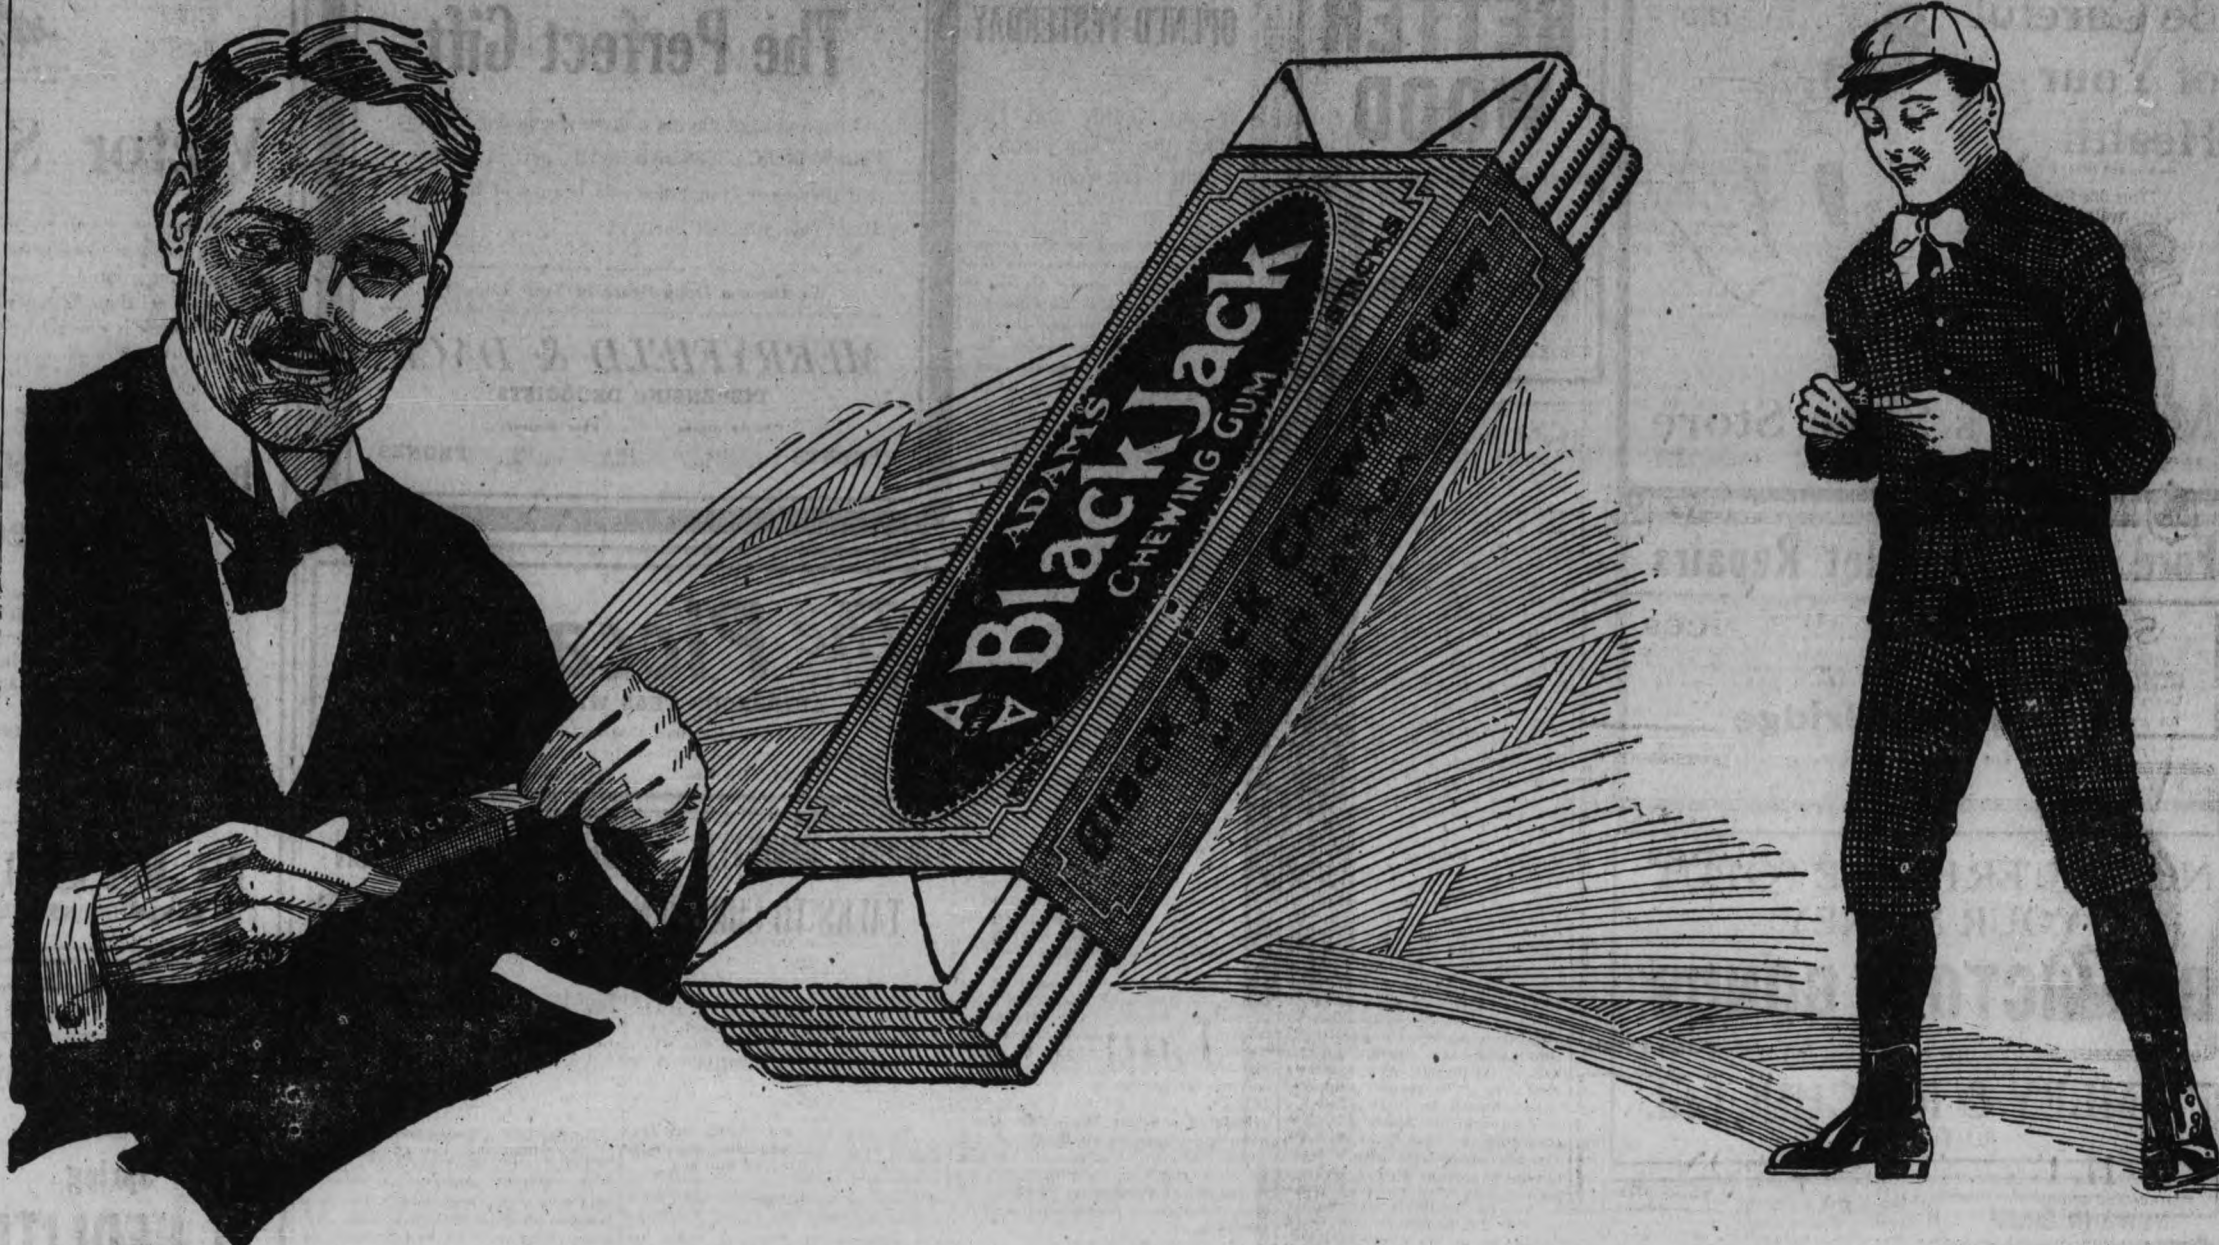

"My advice then is to value highly your municipal office, and regard it from the point of view of an opportunity to serve and of making as many human beings as possible happy."

ONE OF THE BEST.

"Is your husband a good provider, Dinah?"

"Yessum; he's a good providah all right, but I'se always skeered dat niggah's swine ter git caught at it."

"I'm feeling ver ill again, doctor. Do you think I'm going to die?" "My dear madam, compose yourself. That is the last thing in the world that is going to happen to you."

Remember That Fringed Package of Black Jack?

When we were young our little joys were mighty important. And wasn't one of the most important that fringed package of Adams Black Jack Gum?

Good old licorice flavor! You can still get it. In Adams Black Jack in the blue package. And Adams Black Jack will bring relief

from throat huskiness; will bring the clean teeth and mouth which oral hygiene teaches us to value; will relieve the nervous strain and aid digestion; a pretty full list of benefits.

Next time you're in a store—almost any store—get a package of Adams Black Jack—5c.

SPECIAL TOURS TO CALIFORNIA

Special Trains for Canadian Tourists Are Arranged by Faulds Travel Bureau.

FAULDS FINANCIAL & TRAVEL BUREAU, LIMITED, have made arrangements to run two special trains from Vancouver to Los Angeles. These trains will leave the Great Northern station, Vancouver, at 11:45 p.m. on Tuesday, December 16th, and Wednesday, January 7th. The trip will be made over the Lines of the Great Northern Railway to Portland, Oregon, thence by the Southern Pacific "The Road of a Thousand Wonders." The tickets will be good for final return limit until April 30th, 1920; the cost being \$160.00 round trip from Vancouver to Los Angeles and return, which includes every expense on the going trip, viz: berth, side trips, meals and entertainment. It will be an excursion "de luxe," in a special train of modern pullman, electric-lighted sleepers, observation, buffet and dining cars, elegantly equipped, to the land of Summer in Winter.

A trip of unequalled scenic beauty through the fertile valleys of Oregon; over the Siskiyou Range, the upper source of the Sacramento; to Shasta Springs at the base of Mt. Shasta, from whence comes the name "Route of the Shasta Limited"; down the Sacramento Valley to San Francisco, that picturesque wonder city; along the rolling foothills of the Santa Clara Valley to Stanford University and San Jose; to Monterey, with its historic traditions; to Hotel Del Monte, that famous, romantic caravansary where, by the ocean's edge world travelers find recreation and rest; to the big trees near Santa Cruz; to Santa Barbara and its historic mission—thence to the journey's destination, Los Angeles, that remarkable city whose climate is famed throughout the world. From here will be taken numerous side trips to Redlands, Riverside, via "The Orange Belt Route" to the orange groves and many charming places as well as to points along the entire line.

No crowding will be permitted so it is very important that reservations be made as soon as possible, especially for the first train leaving Vancouver December 16th, and more especially as each train will be limited to not more than 150 passengers.

Full and complete information in regard to various side trips, hotel accommodation and sight-seeing tours en route, together with complete itinerary can be secured from Faulds Financial & Travel Bureau, Limited, 625 Hastings Street West, Vancouver, B. C., or W. R. Dale, 916 Government Street, Victoria, B. C.

The trains will be personally conducted by one of the company's capable Representatives, so that passengers will have no trouble either in regard to baggage, sleeping car reservations and hotel accommodation on the entire trip.

The former special train run January, 1914, proved so popular with the people of British Columbia, that after various requests have been made the Company decided to make similar arrangements for these special trains this winter with the above result.

PREPARING FOR DASH TO THE SOUTH POLE

Mr. John L. Cope, F.R.G.S., in an interview, said his preparations for the British Imperial Antarctic Expedition in the famous ship Terra Nova, assisted by the latest improvements in aviation and wireless telegraphy, were well advanced. Experts were designing a special aeroplane, and he was negotiating with one of the foremost airmen in the world to take the place which the late Gen. Lee had intended to occupy as the chief of his aerological staff. Mr. Cope said he intended also to use the aeroplane in order to map out the Antarctic continent from the air during his six years' expedition on the ice. Sir Ernest Shackleton agreed that it was practicable to use an aeroplane which would have great climbing capacity, and which could carry four men and provisions for at least a month. Experts were convinced they would be able to design a plane which would climb above mountains 10,000 ft. high. It would have skids instead of wheels to enable it to land in snow or on ice. The airman would also act as pilot of the Terra Nova through the ice pack, pointing out by wireless the best ice-free channels. Mr. Ernest Joyce would be second in command of the expedition.

Dr. Cope was in Victoria early in 1917 with members of the British Trans-Antarctic Expedition.

MAKES APPEAL TO THE SHIPBUILDERS

Crafts Which Have Been Busy Should Have Money For Loan

"Now, look here, you chaps who have been building ships, installing machinery, rigging up, I mean everybody who has had a hand in the shipbuilding game, you see your yards empty, and you know that you never miss the water till the well runs dry. As far as we can see just now, the well has run dry, and if you don't jump into the game and help the well fill up all together and won't catch even rain water," says George G. Bushby, one of the most active loan workers.

"In plain words, you must honestly acknowledge that the two former Victory Loans gave you your jobs for the nearly three years. And you can't say that you have starved on the job either, for you jolly well haven't, and that's straight. The job is over, the shipyards are empty, the well has run dry. That was no fault of yours or anybody else's. But this is where you chaps are going to be able to help yourselves. Get right in and help out the present Victory Loan and give the loan a success in British Columbia, and then you will have some pretty strong arguments for your side when you ask for further work of a public nature which entails heavy expenditure."

"If you help to crimp the country by not helping Canada out with her finances, how on earth do you expect Canada to help you? You can't make ship till without caulking, Victor! You can't make a national oakum and you chaps ought to drive it home and make a decent job of it."

End Your Catarrh To-Day

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be cured right at home by inhaling "Catarrhazone." In using Catarrhazone, you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages. The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cure comes quickly.

Colds and throat troubles can't last if the pure healing vapor of Catarrhazone is breathed—sneezing and coughing cease at once, because irritation is removed. Use Catarrhazone to prevent—use it to cure your winter ill—it's pleasant, safe and guaranteed in every case.

FLO-FLO WILL BE HERE FOR TWO NIGHTS

If there is anything more obvious than the stove polish on a detective's shoes it is the dancing ability of Pinky and Aloysius, the self-styled "Sherlock Holmes and Watson" of John Cort's most brilliant musical comedy entitled "Flo-Flo," coming to the Royal Victoria Theatre next Monday for a limited engagement of two nights.

This eccentric dancing team, with their trick hats and their theft of the bride's trousseau, provides some of the brightest moments of this sparkling Cort production, not overlooking of course, the "perfect 36" comedy chorus, the splendid cast, unusually beautiful costumes, effective scenery, catcy lyrics, snappy dialogues and riotous fun.

AMUSEMENTS TO-DAY

Princess—R. N. Hincks and company present "Billy's Little Love Affair."

Pantages—Vaudeville.

Variety—Margaret Marsh in "The Eternal Magdalene."

Dominion—Constance Talmadge in "A Temperamental Wife."

Royal Victoria—William Farnum in "The Man Hunter."

Columbia—New Vitaphone serial, "The Iron Test," featuring Carol Holloway and Antonio Moreno, and William Desmond in "Mints of Hell."

Romano—Evelyn Greeley in "Phil for Short."

Rex—Sir Johnston Forbes-Robertson in "The Passing of the Third Floor Back."

ROYAL VICTORIA

Do you love a Farnum fight? Did you see his screen battles in "When a Man Sees Red," "The Rainbow Trail," and other big pictures? The fights in those productions sink into insignificance when compared with the battles in his new de luxe production, "The Man Hunter," which will be shown at the Royal Victoria Theatre again to-day and to-morrow. For Mr. Farnum shows you not only one fight, but three, in this picture, and it is hard to say which one he does best.

You will be interested in each of these fights because each has a big powerful reason behind it. Every one of them thrills, but in two Mr. Farnum comes off second best, because in the first the police get him and in the second the officers of a ship arrest him and chain him up in the hold of the vessel. But the third battle is the one you will most heartily applaud, for on a desert island with only a pretty, wealthy girl as his wife, the villain meets his just end. Besides being a stirring story, the play has exceptional photography, exquisite scenes being shown on both land and sea.

DOMINION

Transforming a dignified, rather sickly and unmarried Senator into a husband for a jealous, natured and most fascinating young girl is the work of Billie Billings, whose role is played by Constance Talmadge in "A Temperamental Wife," which is now at the Dominion Theatre.

Billie has a strong dislike for married men who flirt. She determines that she must marry the beautiful hunk, and take absolutely no notice of other women.

Although a perfectly good Bulgarian Count is hers for the acceptance, and though scores of other male admirers would consider themselves fortunate to marry her, she decided that she must marry the beautiful Senator even if she has to do it by force. And she very nearly does!

Billie becomes so jealous that she demands the Senator fire his lady stenographer.

"Take either me or her!" demands Billie defiantly.

The Senator chooses the stenographer and then little Billie has a most difficult but humorous series of experiences.

VARIETY

In watching "The Eternal Magdalene," this week's feature at the Variety, one sees or feels in progress a revival of the Billy Sunday type conducted by a galvanic figure like Billy Sunday himself. You see the big man of a community, hard, direct and abrupt, co-operate in cleaning the town of vice and driving from its borders the women of the segregated district. You see a master of men, inflexible and unyielding, in his daily contact with his own family and with his fellow men. You then see misfortune overtake the family. Ruin is visited upon his daughter through love. His son committed a crime to

avenge the sister. And the fate that overtakes the children brings death to their mother. Not until then, when you see a merciless and uncharitable man, bereft and utterly alone amid his domestic debacle, does he learn the great lesson of life—the lesson of charity.

PRINCESS

Miss Eva Hart, whose abilities are so well known to local audiences, has never been seen to better advantage than in the delightful comedy "Billy's Little Love Affair," which is being so excellently produced and played at the above theatre.

Brims of interest and entirely different from anything that has been recently seen at the increasingly popular little playhouse, it provides a most enjoyable evening's entertainment, and large audiences are predicted each night this week during which the run extends.

To miss seeing this show will indeed mean a loss to any who enjoy witnessing a clever and wholesome play, well-acted and produced and in every manner exceeding in point of merit and excellence anything previously attempted by that talented organization, the Princess Dramatic Society.

ROMANO

"Phil-for-Short" is the title of the first film in which the popular and charming Evelyn Greeley stars alone for World Pictures. It will be shown at the Romano for the last time to-day. "Phil-for-Short" is certainly a delightful, unusual and wholly fascinating production. It is a splendid vehicle in which to inaugurate Miss Greeley's stardom. Supporting Miss Greeley in this production is a notable case, Mr. Hugh Thompson, who has a splendid record of success in motion pictures, appears as Miss Greeley's leading man in this picture. Other notables in the cast include Jack Drummer, Tony Merlo and others.

COLUMBIA

"Mints of Hell," a new Cole-Robinson picture, starring William Desmond, which will be shown at the Columbia for the last time to-day, teams with action: Dan mops up the Stag with Hibbing in a rough-and-tumble fight scene. The dog-sled race is thrilling, and the splendid snow scenes are realistic and awe-inspiring. The story being one of the most graphic ever thrown on the screen. The cast is a notable one, including Vivian Rich, who plays the heroine; Frank Lanning, as "Maung," the grotesque dwarf; Charles French, Jack Richardson and Edward Johnson. The production, a dramatization of the story "Flat Gold," by James B. Hendryx, was made by Jesse D. Hampton, under the direction of Park Frame. "The Iron Test," the new serial of circus life, featuring Antonio Moreno and Carol Holloway, is shown on the Columbia programme as an added attraction.

PANTAGES

Many worthy features are to be found on the Pantages bill of vaudeville this week. The headline number is a girl and music act of special interest on account, not only of the unusual theme, "On the Golf Links," but also on account of the great originality that is shown in the way of making it a pleasing entertainment number. It is a conglomeration of pretty girls, wonderful gowns and joyous laughter, with tuneful music, bright patter and pretty scenes to distinguish it. Two special added attractions are to be found in the musical offerings of Miss Camille Rejane and the Killary Four. The former is a talented artist on the cello who will be a delight to the lovers of high-class music in this city and the latter is an aggregation of songsters and dancers from the old sod who have the knack of getting fetching entertainment out of the native characteristics of the Irish people. There are four other numbers on the programme, each contributing offerings that add to a strong variety bill.

AN EXHIBITION.

"I'd like to be a show girl if I couldn't be a star," "As fashions are to-day, my dear, undoubtedly you are."

SPORTS

SIZING UP BARNARD CUP BIDDERS

FORMERSTARS STILL IN LIMELIGHT

With the first games on the Rugby schedule played, the Wanderers and the V. I. A. A. a game in hand and the James Bay Squad and War Veterans having tasted the bitterness of defeat, a Rugby enthusiast has taken the opportunity of sizing up the bidders for the season. "It would be interesting to compare the teams with those of pre-war days," he writes, "but at present that is impossible. However, it may not be amiss to look over the composition of the various teams, and to go into the reasons of Saturday's defeats. The Wanderers' team, when originally formed, was composed of British public school boys, and those who are familiar with the class of Rugby played in the Old Country public schools know that the Wanderers' original fifteen must at least be composed of players who at one time qualified for first class football.

A Good Combination.

"There are only a few of the old originals left. This year the Law Students, who for three years were the league leaders, could not field a team. So, in conjunction with the Wanderers, they have formed quite a strong combination. It was interesting to note that the players who starred in the opening clash with the Bays were the men who helped Victoria in the past to become the premier Rugby football city on the Pacific Coast, namely: Williams, Grant, G. C. Aikland, Sholto Gillespie and Eric McCullum. Whilst some of the new men did exceedingly well, these former Bays players were outstanding. D. M. Grant, the ex-Scottish international, has not yet turned out. What shape he is in will be known in a few weeks. There is no doubt that he will be able to give a good account of himself."

Sturdy Newcomers

The generals of the Bays goes much further back than the Wanderers. Originally there were two teams in Victoria—the Bays and the old Victoria team. Some of the hardest and most spectacular games have been put up by these fifteen. At present the Bays are composed of what is left of the old Oak Bay team, some of the Law Students and some new blood that has graduated from the intermediate class. The pre-war players comprise Tom Norris, Ken McDonald, Monteith, Travis and Charley Vincent. Principal among the graduates from the intermediate class are Val Bendrodt, Gosnell and young Brynjolfsson. There are also some sturdy newcomers, too, viz.,

NEGRO HEAVYWEIGHTS BOUT IS POSTPONED

Minneapolis, Minn., Nov. 5.—Following announcement that Sam Langford, Boston, and Jack Thompson, Philadelphia, negro heavyweights, would meet in a ten-round bout November 21 at Duluth, the state boxing commission last night wired the Duluth promoters that the fight could not take place there as it would conflict with the Mike Gibbons-Mike O'Dowd fight in St. Paul on that date. It is expected that another date will be set for the Langford-Thompson bout.

WILL PRESS PROTEST AGAINST THE TIGERS

Toronto, Nov. 5.—At a meeting of the executive committee and players of the Argonaut football club last night it was unanimously decided to "rescue" the protest against Hamilton Tigers lodged after the game there on Saturday in which the Argos were beaten nine to six. Tigers won when McKevey is alleged to have run into Touch when carrying the ball for the final touchdown in the last half minute of the game. The spectators were swarming over the field at the time and Argos could not reach the runner to make a tackle.

BRENNAN'S BACKERS POST CHEQUE FOR A GO WITH CHAMPION

New Orleans, La., Nov. 5.—An offer of \$75,000 to be posted in the form of a certified cheque as Jack Dempsey's end for a match here to defend his title against Knockout Bill Brennan, of New York, was announced last night by Johnny Abrams, promoter, following the receipt of advice that Dempsey had signed an agreement to meet Joe Beckett, English boxer, here March 17.

LIGHTWEIGHT DIES AFTER LIGHT BLOW

Milwaukee, Nov. 4.—A rupture of one of the arteries feeding the brain, causing a cerebral hemorrhage, resulted in the death of Tommy Perry, Chicago lightweight boxer, Monday, according to Coroner Franklin, following a post-mortem examination. Perry collapsed in the 10th and last round of his bout last Friday night with Sunny Marino, following a light blow to the jaw. There was no fracture of the skull. An inquest will be held Thursday.

SOCCER PLAYERS HELP CRICKETERS

Cheque For \$129 Handed Over as Result of Five-a-Side Tournament

The receiving of the report of the five a-side soccer tournament, and the drawing of the schedule for next Saturday's games was the most important business before the soccer meeting last night. Saturday's games were announced as follows: Wests v. Army and Navy, at Beacon Hill. Referee Pearson. Harbor Marine v. Yarrows at Royal Athletic Park. Referee Duggan.

Help Cricketers.

The cricketers will receive a handsome cheque to swell their coffers as the result of the five-a-side soccer tournament. Secretary A. C. Hill announced that the gross receipts amounted to \$190. The amusement tax amounted to \$18, rent of ground \$45, leaving \$129 to hand over to the Victoria and District Cricket Association on whose behalf the tournament was staged. Thanks were accorded to the Foundation band, and to the referees who gave their services for the occasion.

Intermediate.

Intermediate games will be played as follows: Wests vs. Army and Navy; Yarrows vs. Firemen; Postal Service vs. Metropolis; Saanich Rovers, a bye.

Points won in all games played with the Fragments from France who withdrew from night league meeting will be deducted in the league chart.

LAST NIGHT'S PLAY ON THE GREEN TABLE

In the Two Jacks billiard handicap tournament last night a large crowd watched a very interesting game between Hiberson (c. 100) and Herbert Wilkinson (c. 50), which was eventually won by the latter by 55 points. The winner made a high break of 23, inflicting, as his highest contribution, and the loser's best was a 21. The game played between Hinson (c. 150) and Murray (c. 50) was won by the latter by 82 points. Hinson's best break was a 35, and Murray's 42.

NEFF RETAINS THE SOUTHWEST CROWN

But Milwaukee Boy Makes It a Draw; Dundee Gets Technical K. O.

Phoenix, Ariz., Nov. 5.—Chet Neff, of Seattle, and Otto Wallace, of Milwaukee, fought ten fast rounds to a draw here to-night. The bout was for the lightweight championship of the southwest, held by Neff.

Pete McCarthy, of Fort Worth, Texas, fought six rounds to a draw with Jack Douglas, of Kansas City. They are featherweights.

TOOKE COLLAR

For Men and Young Men.

LOOKING THINGS OVER

An Elastic Weight.

Boxing circles to-day are pondering over the question of when a lightweight is not a lightweight, apparently without getting anywhere. Benny Leonard's announcement that he will meet Jimmy Duffy at Tulsa, Okla., on November 15, in a fifteen-round battle for the world's championship at 140 pounds, has provoked a storm of comment. It is generally conceded that Benny has stretched the lightweight poundage to the limit.

Strong Opposition.

Vancouver will this season be able to field one of the strongest representative rugby teams that has ever represented this city in inter-city or international competition. The officials have four strong clubs from which to select the team to do duty against Victoria in the McKensie Cup series. There are many fine players in the lineups, the Varsity being particularly fortunate in assembling a squad of thirty from which to select their fifteen men for the city matches. Centrals are another fine aggregation, while the Firemen and Knights of Columbus are developing strength every time out.

Picking 'em Up Around the Sport Camps

American made shirts are being worn by many of the better class in Vera Cruz.

This information comes from the great democratic country that scorns the idea of dividing the population into classes!

Bokarks barring Reds from India, a headline states. Thought Mr. X's men did too well out of the series to attempt to introduce the diamond game to the brown-skinned men.

Hockey fans will welcome Dubbie Kerr's return to the game. By the way the left-winger was devoting himself to swimming during the summer it looked as though he were training to go on tour with Kahanamouli and some of the other mer-men.

It's pretty tough some of the soccer men think after playing for a couple of points to have them de-

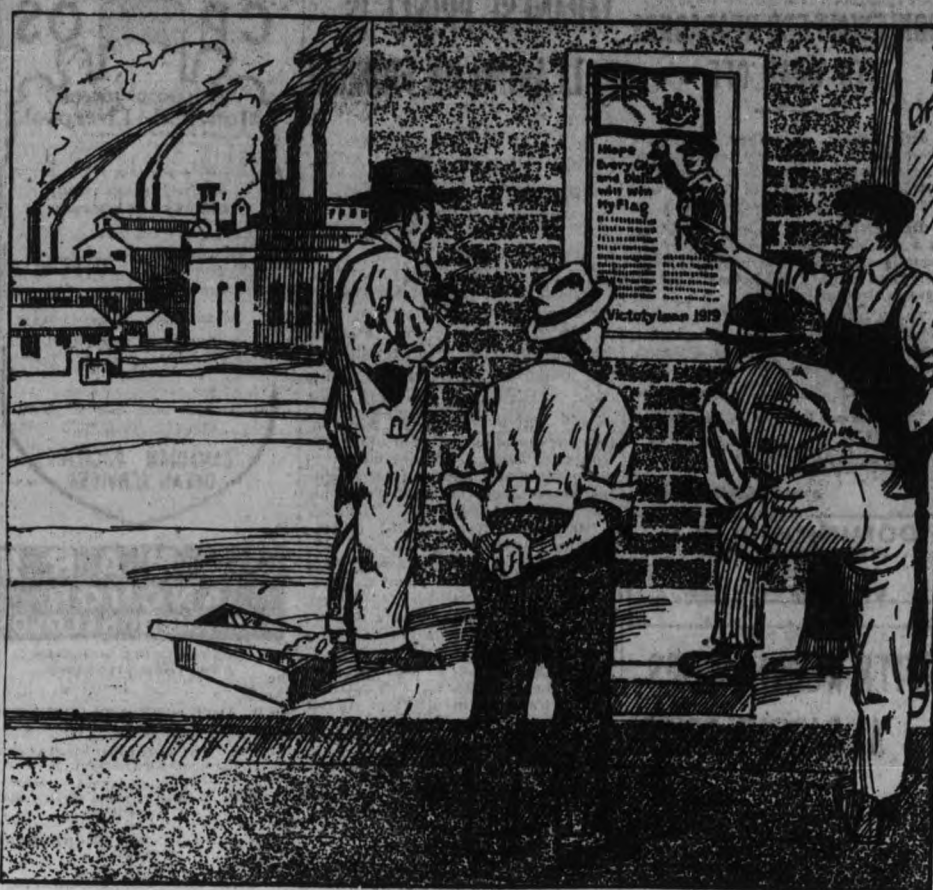

ducted because the Fragments dropped out.

It was pretty easy, some of the other teams who did not meet the soldiers, think to get a couple of points at the expense of the Fragments, so honors are about even.

If Cy Forsythe gets his amateur card the Coast League comedian is liable to turn the shows on the amateur diamond next season to an Orpheum circuit rival.

The one outstanding game of last year's baseball season is to be duplicated on the green cloth, announcement of which will be made later.

The comrade spirit between soccer men and cricketers ought to go up one hundred per cent. when the cricketer treasurer reads out his annual report with a \$129 contribution from the five-a-side soccer tournament.

RESTHAVEN'S MERRY HALLOWE'EN PARTY

Big Crowd of Guests Enjoyed Appropriate Revels

Of the many Halloween parties held in the city and district few perhaps were more successful than that held at Resthaven on Friday night. The patients and staff are proverbially fine hosts and they left no stone unturned to ensure the enjoyment of their big crowd of guests.

On arrival the guests were met by ghostly figures and ushered to the main lounge where black cats, witches and hobgoblins disported themselves against a setting of black and yellow. The majority of those at the affair were in costume, and the task of judging allotted to Mrs. George Simpson, Mrs. L. A. Genge and Mrs. Copeman proved no sinecure. After much deliberation the prizes were awarded to Mr. and Mrs. Gardiner for the best costumes; Miss Ordway as an "old-fashioned dame"; Miss Crook, comic, as "Charlie Chaplin," and Kenneth Johns as "Tattered and Torn." Special mention was made of the costume worn by Matron Dunn, who looked charming in a Kate Greenaway frock, and Miss Irving, who appeared as an East Indian.

The excellent programme of dance music was furnished by Rumsby's G. W. V. A. orchestra. Delicious supper was served in the dining room which was a veritable bower of loveliness for the occasion. Altogether the affair was voted one of the most delightful ever held at the hospital.

Weak - Nervous Women

There is No Remedy Like Vinol

"Women's work is never done." That's why they are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves and creates strength.

Here is Proof that Should Convince Everyone

"I was run-down, nervous, and losing flesh rapidly, and had fainting spells, so I had to stop work for weeks at a time. My doctor told me to take Vinol. I did and after two or three days I commenced to feel better. I have gained flesh rapidly and feel better in every way since taking it." — Miss Phyllis Jones, W. Toronto, Ont.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails — Leading Druggists.

SEEK REGULAR SUPPLY FOR VICTORIA WEST

Representing Victoria West residents who are protesting against the habit of the water service in that part of the city falling at inopportune moments with a great danger to public health and protection from fire, Dr. Raynor has interviewed Mayor Porter.

A committee of the Council is now taking up the matter with Premier Oliver to see whether the Esquimalt Water Works Company can be forced to link up their pipes with those of the city so that whenever the Esquimalt supply fails the city supply can be turned on for the convenience and protection of the Victoria West residents.

Mayor Porter has informed Dr. Raynor that the city had offered the necessary piping to the Esquimalt company. To make the connection would necessitate rebuilding the pipeline bridge across Selkirk Water.

VETERAN'S UNITED, COMRADE'S IDEAL

Must Look With Broad View on Service, Says Major Bapty

All the returned men's organization as separate units of a united service men's organization was an ideal put forward by Comrade W. Bapty at the Great War Veterans' Association meeting held last night. The Comrade spoke as a member of the Central Service Council. The Central Service Council had done nothing they need be ashamed of, and a lot of good, he declared, in pleading for the support of the Great War Veterans. Referring to the British Campaigners, of which he is president, he stated that when the organization was first formed after the South African War they discussed the matter whether it should only be for South African War Veterans or veterans of any campaign, and decided that it should not be for South African veterans only. To become a power in the Dominion they must look at the question of service with a broad view.

Answering Comrade Pearce, Comrade Axon said the G. W. V. A. had withdrawn from the council because they thought they should have representation proportionate to their membership.

Regarding Cheques.

Comrade H. J. Hopkins, a former provincial treasurer, made a long reference regarding a cheque for \$5,000 which he said the provincial president had showed him. The cheque, he alleged, was from the Provincial Government. Another cheque it was also stated had been received making the total up to \$12,500. A letter from the president to Comrade Hopkins contained the information that the \$5,000 cheque was to be turned over to the local command in Vancouver after the fulfilment of promises made some time ago for a specific purpose. The investigating committee will handle the matter, and the provincial president will also be written to.

A resolution moved by Comrade W. R. Vaughan and Comrade O'Halloran was passed with little discussion. The motion was in favor of returned men who desired to cultivate small holdings receiving assistance from the Land Settlement Board. At present a man taking up land is required to give up any other occupation and it was recommended that this be eliminated in the case of the man who desired to cultivate enough land to help him fight the high cost of living, and at the same time be assured of the returns from his regular business. It would help many men it was stated in the resolution to bridge over the gap between the time the land began to produce so that they could finally become farmers.

CAN ALWAYS DISPOSE OF BONDS AT ANY TIME

J. H. Talling, local loan sales secretary, speaking as a representative of one of the leading bond houses of the city, has instructed salesmen to assure all investors in the 1919 Victory Loan that a ready market has always existed, at present exists and will always exist for all maturities of Dominion of Canada bonds.

"Settlement is made upon the surrendering of bonds in Victoria funds without delay," Mr. Talling stated, "and the only point that must be remembered is that if full values for bonds to be sold are to be expected, that a bank be consulted as to the most reliable method of disposing of holdings."

BENEVOLENT SOCIETY CLOSES ITS BOOKS

Turns Over Cash in Hand to Friendly Help; Did Good Work Here

Once an active organization carrying on a great deal of good work in the way of relief in the city, the B.C. Benevolent Society to-day became extinct and the books and balance of funds on hand, amounting to some \$360, were handed over to the Friendly Help Society.

Ex-Alderman Walter Walker paid a visit to the Friendly Help offices this morning and turned over the money. As secretary-treasurer of the Benevolent Society, he, with R. Wilson, executor of the late Alexander Wilson, is among the very few survivors of the organization. The Friendly Help Society has been carrying on for some time the work formerly undertaken by the Benevolent Society and as most of the old members of the latter organization have been of the old Pioneer Hall was destroyed. For some time past the Benevolent Society has aided in relief work by donations to the Friendly Help. The passing of the Benevolent Society will recall many pleasant reminiscences in the minds of many of the old timers in the city who in years gone by took a great interest in the work the society was doing.

The organization was formed in the early mining days. The town at that time was full of destitute men and women returning from the mines, and the object of the society was to raise funds to give the deserving ones a bed, a meal and temporary relief. The late Judge Drake, Lawyer Jackson, James Fell, Alexander Wilson and J. A. Turner were prominently identified with the society's formation. The late Mrs. E. B. Marvin was the member of the committee of investigation.

SOLDIERS RUSH FOR NEW HOMES

Aldermen Will Have to Choose Sixty From All Applicants

Returned soldiers, already married and those planning to marry soon, participated in a rush on the City Hall yesterday and to-day to get in their applications under the housing scheme, which was unexpectedly passed by the City Council Monday night.

Alderman Sangster, Patrick and Johns, who were placed in charge of the scheme by the Council on Monday, met and commenced to formulate the details of the scheme. They will proceed with these during the week, and as soon as completed will place them before the City Council. Just how the city will proceed with the scheme is at present in the hands of these three aldermen, and they are receiving numerous suggestions from persons in all parts of the city. Whatever they decide on will only be by way of recommendation to the Council, which will have to be filled in by all applicants. This questionnaire will cover all the points of the scheme on which information is sought. It is to be sent to all men who have made written application.

Many to Be Disappointed. So many returned men have been putting in their applications during the last thirty-six hours that the city clerk's office was unable to handle them. The Mayor's secretary has now assumed the duty of receiving and looking after these applications.

It has not yet been decided when applications will close although the aldermen expect that persons anxious to benefit under the scheme will not be slow in letting them know.

Many soldiers will be disappointed, as there are already many more applications than the maximum number of sixty that can come under the Act. The aldermen will go through the list of applicants and pick out the sixty men they think best able to carry out the agreement.

Members of the committee said today that they were anxious to get the building started as early as possible so as to satisfy the soldiers and relieve the unemployment situation.

Proposed Houses.

Among the proposals being submitted to the aldermen is one calling for a five-roomed bungalow with bathroom, pantry, open fire-place and partial basement. The size of the house is thirty-six feet square. The contract price of this is \$2,435. Five hundred dollars has to be added to this for a lot, but when the Provincial rebate of \$200 is deducted and the 2½ per cent. first deposit, the total charge is brought down to \$2,569.12. The monthly payment required on this, including all charges, would be \$21.72. For men who own their own lots the monthly payment would work out at \$18.62.

Another proposal calls for a six-roomed house with bathroom, pantry and woodshed. The total price of this, including \$500 for the lot, would be \$2,925. The monthly payments on this would be \$24. For those who own their own lot it would be reduced to \$20.94.

These prices were estimated by the Public Works Department based on recent tenders.

WHERE HE FOUND IT.

A bashful curate found the young ladies in the parish too helpful. At last it became so embarrassing that he left. Not long afterwards he met the curate who had succeeded him.

"Well," he asked, "how do you get on with the ladies?"

"Oh, very well indeed," said the other. "There is safety in numbers, you know."

"Ah!" was the instant reply. "I only found it in Exodus!"

How to Finance Victory Bonds

FARMERS:

In the case of farmers, and others who do not receive returns until the end of season, bank managers are empowered to make loans against the 1919 Victory Bond issue for the period of one year, without requiring periodical reductions to be made in the interim.

BUSINESS MEN:

All business men may finance their Victory Loan purchases through their local bank, up to at least 90 per cent. of their purchases, without impairing their ordinary credits with the bank.

EMPLOYEES:

All bond purchases of employees may be financed by the employer through his local bank, up to 90 per cent. of the amount of the purchase. Weekly or monthly payments on account of purchase may be arranged through the employer.

INDIVIDUALS:

Anyone may purchase 1919 Victory Bonds on ten monthly instalments, by paying 10 per cent., and filling out an instalment card. These cards are handed to the bank specified by the purchaser, and the payments during the ten-month period paid in to the bank.

POWER OF LOCAL BANK EXTENDED:

By arrangement between the Finance Minister and the Canadian Bankers' Association, it is announced that where branch managers have a loaning limit for their branches, such limits are to be disregarded insofar as they may be affected by advances to finance 1919 Victory Loan subscriptions.

EVERYONE CAN AFFORD A BOND!

SEEK TO BUILD UP CITY'S YOUNG WOMEN

Young women of Victoria should build up their physique according to Miss S. Huntley, physical culture expert, who has been looking into the situation here. Miss Huntley has been placed in charge of the gymnasium classes for all girls and young women of the city which have been opened in the High School gymnasium Monday and Thursday evenings.

These classes are for young women only. They were organized by a number of prominent married women who have banded themselves together to do something to improve the physical bearing and appearance of the young women of the city. Many of these young women, they say, play no outdoor games and get absolutely no physical exercise of any kind. The result is that when they reach middle life they lose many of their charms and unable to keep pace with the responsibilities they break down.

Never say die, borrow and BUY VICTORY BONDS.

RUMOR SAYS FIFTY SHIPS TO BE BUILT

Foundation Company's Future Intentions Are Theme of Speculation

There is an interesting rumor afloat to-day to the effect that the Dominion Government plans to place contracts for fifty wooden schooners with British Columbia shipyards. According to the reports twenty-five of the schooners will be constructed at this port and the other half will be turned out at yards on the Mainland.

It was impossible to-day to obtain either confirmation or denial of the rumor, but its persistence seems to lead to the belief that there may be a revival of wooden shipbuilding. The number of schooners may be incorrect, as this represents a very large fleet, and at the present rate of construction these vessels would cost about \$12,000,000.

Knows Nothing About It.

Edward E. Jenkins, local manager of the Foundation Company, when asked for information on the rumor, stated that it was complete news to him. He hoped that the rumor would be correct, but he thought that the number of ships mentioned made it look like a bad dream.

Owing to the fact that the leases held by the Foundation Company on the Point Hope and Point Ellice yards do not expire until June, the officials have not taken any steps to dismantle their plants. They are still hopeful that contracts of some form or another will be received.

The statement made by Sir Henry Drayton, Minister of Finance, may have led to the rumor which is causing a stir to-day. The Minister told the representatives of a number of local public bodies yesterday that the award of future contracts to this section of the country depended upon the success of the present Victory Loan, and there appears every indication that the loan will be over-subscribed.

MARINE DEPARTMENT IS READY TO BUILD

Waiting on Settlement of Johnson Street Bridge to Erect Large Office

Plans are now ready at Ottawa and the necessary appropriation for construction has been made for the erection of the new offices of the Marine Department on the Songhees Reserve. The Marine Department, which urgently requires additional office space, is forced to delay the work as a result of the failure to settle the Johnson Street Bridge question.

The new building will cost between \$50,000 and \$100,000 and will provide work for a large number of men for about nine or ten months. The Marine Department will commence work immediately if it receives some assurance that the Johnson Street bridge will be constructed at once.

Not Sure of Levels.

The Marine Department has been given the levels of the original Johnson Street bridge, but out of the tangle between the city and other bodies has arisen the idea of two bridges, and the agency is in a quandary. The officials do not wish to go ahead with the construction of the building and then find the bridge or bridges are to cross the harbor at different points.

The department also requires a means of getting to its new agency. At the present time the E. & N. bridge does not afford adequate connection. The Marine agency at present is situated on Wharf Street and the depot is across the harbor to the north of the E. & N. bridge. The light-house tenders berth at the depot when in port, and the greatest inconvenience is being experienced in having the two branches so far apart.

The Marine Department is anxiously awaiting the settlement of the bridge controversy.

JAP SAILORS WOULD NOT SAIL MONKEY DAY

Port Townsend, Wash., Nov. 5.—Yesterday was Monkey Day, and the sailors on the Japanese schooner Nambu decided not to go to sea as expected. Monkey Day is the most unlucky day of the entire calendar for the sailor man of Japan, and no self-respecting wind jammer sailor will put to sea on that day, if it can be avoided.

Any Japanese sailor at all learned in the lore of the deep knows that if he lifts anchor and spreads sail on Monkey Day it will be bad luck all the way or worse yet, his bones will rest on the floor of the deck. So, after scanning the calendar, the Japanese tars observed the picture of the monkey on the sheet and the Nambu Maru with her cargo of salt remained at anchor until this morning.

IXION IN TO-MORROW, CHICAGO ON FRIDAY

Deep-sea Steamships Report Time of Arrival by Wireless; Arabia Out Friday

Two inbound trans-Pacific liners reported by wireless last night the approximate time of their arrival here. The Ixon, of the Blue Funnel fleet, will reach William Head at 7 o'clock to-morrow morning and will dock at the Outer Wharves at 8.30 o'clock. The Chicago Maru, of the Osaka Shosen Kaisha, will reach the quarantine station at noon on Friday and will be at the ocean docks an hour later.

The Ixon was due to arrive here to-day, but apparently struck head winds and seas on the run across. She had considerable cargo from China and Japanese ports for Victoria. After discharging here the Ixon will proceed to the Sound and while there will have extensive alterations made to her interior. The Ixon is to be fitted out with accommodation for 3,000 coolies.

The Chicago Maru has several hundred tons of cargo for discharge here. A number of steerage passengers will disembark.

Arabia Maru Sailing.

The steamship Arabia Maru, of the Osaka fleet, will leave here on Friday afternoon laden for her capacity with passengers and freight. She is proceeding to Yokohama and Hongkong. It is expected that the freighter Malay Maru, also of the Osaka fleet, which limped back to sea on Monday with her air pump machinery out of commission, will be ready to proceed to Yokohama and Shanghai some time to-morrow.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on each corn, instantly it that corn stops hurting, then you lift it right off. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Weak, Nervous Children Quickly Gain Strength Under Following Plan

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to diseases just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. No wonder that St. Vitus Dance, Epilepsy, and constant headaches have become alarmingly common. Pale, nervous, listless young people are everywhere.

Is nothing short of criminal for parents to neglect signs of weakness in their children. By ignoring the slightest symptom of nervous or mental strain, you may condemn your child to life-long invalidism. If any member of your family complains of headaches, fear of going into dark places, gives them that wonderful tonic, "Ferrozone." Strength of body and mind, hardy nerves, ability to study with comfort, all the attributes of health quickly follow the use of Ferrozone. It establishes strength, color, endurance, vim—does this by filling the whole system with nourishment and tissue-forming materials.

ADD ANOTHER STATION TO WIRELESS REPORTS

Arrangements have been completed by the Dominion Wireless to receive daily weather reports from Ocean Falls. The paper company there maintains a wireless set for its own service and the owners will forward to Victoria every day the weather as well as any shipping moving there.

All Canada is your Security—BUY VICTORY BONDS.

DON'T WAIT FOR HEADACHES TO WEAR OFF

Drive them off. They won't cure themselves. And headaches and Neuralgia, if not stopped at first, return with increased frequency and develop into a dangerous chronic trouble.

DOMINION C. B. Q. (in the red box) is a reliable remedy for headache and neuralgia. It cures the pain, breaks up colds and grippe; and helps to keep the system clean and orderly.

If you are subject to attacks of headache or neuralgia, and want quick relief, take DOMINION C. B. Q. (Cascara, Broomide and Quinine).

Sold by all druggists in the red box.

OFFER WOODEN SHIPS AT BARGAIN PRICES

U. S. Government Will Take \$75,000 for 3,000-Ton Hulls, Now Tied Up

Philadelphia, Nov. 5.—Announcement was made last night that the Emergency Fleet Corporation has fixed \$75,000 as the price for the 3,500-ton Ferris type wooden ship hulls the Government intends to sell. Nearly 200 wooden ships, mostly of the Ferris type, are to be sold. The price applies to the hulls now in the retiring basins in their present state of completion, and is on the bare board basis. Equipment on the vessels will also be sold.

"To purchasers of hulls who so desire," the announcement said, "we will sell equipment at such prices that we estimate Ferris hulls can be finished as steamers for \$230,000 or \$63,700 per deadweight ton, which should be attractive in view of the present prices for completed vessels."

The ships are to be sold at Shattuck yard, Portsmouth, N.H.; Wilcox's Point, South Norwalk, Conn.; Maryland Shipbuilding Company, Baltimore; Hog Island, Beaumont, Texas; Alameda, Cal.; Columbia Slough, Portland, Ore.; Lake Union, Seattle.

WILL TRY AND FLOAT LOST CANNERY TENDER

Seattle, Nov. 5.—Efforts to raise the full-rigged ship—A. F. Fuller, of the Northwestern Fisheries Company, which sank in Seattle harbor a year ago following a collision with the steamship Mexico Maru, carrying with her a cargo of canned salmon and barrel fish valued at \$500,000, will be made within the next two weeks by a crew of salvage experts from San Francisco.

With a large amount of deep sea diving gear aboard, the little power craft Wotke, formerly the United States coast guard cutter Hartley, sailed from San Francisco last week for this port, and as soon as she arrives plans will be completed for salvaging the Fuller and her valuable cargo.

The San Francisco salvage experts have not made public the method they expect to employ in floating the Fuller and raising her shipments. Following the sinking of the big sailing vessel, the cargo was abandoned to the underwriters. The Northwestern Fisheries Company, however, is still interested in the hull.

Weak, Nervous Children Quickly Gain Strength Under Following Plan

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to diseases just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. It establishes strength, color, endurance, vim—does this by filling the whole system with nourishment and tissue-forming materials.

It's because we know the enormous good that Ferrozone will do, because we are sure every child and even grown folks, will be permanently benefited, that we urge you to give it a trial. All dealers sell Ferrozone in 50c. boxes, six for \$2.50, or direct by mail from The Catarhose Co., Kingston, Ont.

JAPANESE PRINCE IS LEAVING ON FUSHIMI

Prince Fumaiano Konoye Returning to Japan From Peace Conference

Booked to the limit of her passenger accommodations, the speedy Nippon Yusen Kaisha liner Fushimi Maru is scheduled to sail for the Orient to-morrow afternoon, and among those voyaging to the Far East aboard the liner is Prince Fumaiano Konoye, member of the Japanese House of Peers and secretary to Marquis Saloni, head of the Japanese peace delegation, who is on his way home to Japan.

Other passengers booked on the Fushimi include: C. L. Lawson, who is en route to Manila; Joseph Budrov, a fur buyer en route to Manchuria, and Mrs. Budrov; C. Rosine, another fur merchant taking passage for Dairen; Miss Lena Huck, a missionary en route to Hongkong; E. B. Rogers and A. G. Spencer, who have taken passage for Yokohama.

The Fushimi in addition to her large passenger list, is leaving with 6,000 tons of general cargo including steel, cotton and a considerable quantity of salt fish, the annual movement of the latter, especially salt cured salmon, to the Orient being now in order.

The Quick Way to Stop a Cough

This Home-made Syrup Does the Work in a Hurry. Easily Prepared, and Saves About 32.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex (50 cents worth) in a 16-ounce bottle, then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly stops the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soothes your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "Pinex," or "Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

RAIDED STEAMER NEAR CORK.

Cork, Nov. 5.—The United States steamer Pensacola, undergoing repairs in drydock at Passage West, 7½ miles southeast of Cork, was raided for arms after the telegraph and telephone wires were cut. A watchman on board was overpowered and tied in the galley. The ship was searched and three rifles were taken.

AS FAR AS B. C. IS CONCERNED CANADA IS SAFE, HE SAYS

Sir Henry Drayton Declares
That only Apathy Can Check
Loan Drive

TELLS WHY MONEY IS NEEDED AT ONCE

"As far as British Columbia is concerned Canada is safe," Sir Henry Drayton, Federal Minister of Finance, asserted at the conclusion of a masterly address on the Victory Loan delivered in the Empress Hotel ballroom last night.

Sir Henry made little appeal to the emotions. He preferred to tell his audience in a matter-of-fact, business-like way just why Canada must make the present loan a success, why money was absolutely necessary if the country was to discharge her obligations to her soldiers; why Canada must extend large credits to foreign markets if her prosperity was to be continued; and lastly why money had to be spent at home if stagnation and unemployment were to be kept from Canadian streets.

The chair at the meeting was taken by Sir Frank Stillman Borden, the Lieutenant-Governor, and there were on the platform Brigadier-General R. P. Clark, Island Loan Chairman, George G. Bushby and James Forman, of the local loan organization. A vote of thanks moved by John B. Cowell, and seconded by Geo. G. Bushby, was accorded the Minister following his address.

Canada's Position Good.

"I am here to discuss your own business which, by the way, is not such a bad business," Sir Henry commenced. "Out of all the countries engaged in the war from the very start, of all the warring countries in fact, Canada is in the very best condition. Other countries are in need of money—are not in themselves able to carry on. Other countries are not in the happy position of having their people richer than when the conflict commenced, of having their people easily in a position to finance their country, easily in a position to see that their country discharges its obligations. Canada's business is not in such a bad position. Her condition is worthy more of congratulation rather than commiseration."

Canada Must Have Money.

"Like other countries we must have money. Nothing can prevent us getting it but apathy, which, it is just possible, will result in people turning down the best investment, the best security offering—apathy, tiredness after a great five-year effort which will keep Canadians from performing the most vital task before their country to-day."

Compliments Local Organization.

"You have great Loan workers here. I hope the people of this city will recognize their generous and self-sacrificing work in the best interests of their community. I hope, too, that Victoria and British Columbia will

"I Cannot Go"

BILIOUS headache spoils many an expected enjoyment.

When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches.

Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver.

Constipation, indigestion, back-ache, headache, biliousness and kidney derangements soon disappear with the use of this well-known medicine.

One pill a dose, 25 cts. a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

**Dr. Chase's
Kidney-Liver Pills**

Wash Out Your Pores With Cuticura Soap

And have a clear, sweet, healthy skin with little trouble and trifling expense. Contrast this simple wholesome treatment with strenuous manicures and other aids. On retiring smear the face with Cuticura Ointment on the end of the finger, wash off in five minutes with Cuticura Soap and hot water, using plenty of soap, best applied with the hands which it softens wonderfully, and continue before a few moments.

Rinse with tepid water, dry gently and dust on a few grains of Cuticura Talcum Powder, a delicate fascinating fragrance. Soap, Ointment and Talcum sold everywhere.

show that they are not suffering from apathy.

Two Difficulties Encountered.

"There were two difficulties in the way of the Loan," Sir Henry explained in describing the history of the Loan. "In the first place, the war was over and, perhaps, with all its sacrifices, its struggles and victory, too quickly forgotten. Secondly, the Loan was not exempt from taxation. The question of taxes, of course, vitally affects the larger interests, for Canada's income tax on large incomes is the heaviest in the world. Well, it remained to be seen how these facts were going to affect the Loan. There were nine big corporations controlling basic industries to whom we looked. What did they do? They expended their \$24,000,000 investment of last year by \$11,000,000. Yes, we got off to a good start."

Organized Labor.

"Next there was the interest of organized labor. That interest was approached at the beginning of the campaign. Again, the response was just what one would expect from men who had a knowledge of Canada's industrial needs. The loan has the unanimous whole-hearted support of the chiefs of all the large organizations. The first subscription I canvassed, in fact, came through the president of the International Railway Brotherhood.

"The railway workers on the Canadian National Railways, for instance, have an objective of \$5,000,000. They have got half of it now, and they will get it all. Again, every one of 3,200 workers in the Ford motor plant at Ford, Ontario, bought bonds to a total of \$1,050,000."

What of the Centre?

"And so we are off to a good start, having regard to the two great flanks of the army of the Canadian people. But what about the middle? What about the man who is not a capitalist and not a laboring man? Is he, the centre taking the trouble to find out why Canada must—must—have this money? The loan cannot be a success with the two great wings working for Canada and the great mass between them falling down. What about the comfortable manufacturers and merchants who are chiefly interested in extending their business? Are they looking to the stability of the foundation of national prosperity upon which their own individual prosperity rests? We are not getting the same support from the centre as from the wings," Sir Henry admitted, "though the centre is equally interested in the success of the drive."

No Room For Debate.

"There are a great many things in the realm of Canadian affairs," Sir Henry pursued, "open to debate. But our honor, our obligations to discharge Canada's obligations are above debate. There is no debate as to whether we should meet our obligations to the returned man. The question is how far can we go? If we are to pay the gratuities already decided, the cost of demobilization, of taking care of the sick, we need \$350,000,000. There is no room for debate there. There is no question, either as to what we owe to the man who went overseas for you and we and who now comes back unable to earn a living—no room for debate there. And with the obligation of soldier re-establishment, of re-educational training, of supplying our soldiers with farms, we are obliged to pay \$400,000,000—about which there is no debate."

Was Told Loan Would Fail.

"I was told at the beginning of the drive that this Loan would not succeed," the Minister observed. "I was told that the war was over—that the wonderful spirit of patriotism which caused Canadians to throw everything into the scale regardless of the interest and security—all this was over. I didn't think so. And now I know that we can do it. If we can all get in, it's easy. I felt from the beginning of the drive that there was no room for doubt—no room for doubters in the Canada of 1919. I knew that Canadians' interest in the chain of provinces and men and women that are called Canada, I knew that the whip of war was not needed to raise them to a sense of their responsibilities."

Carry On Or—?

"The only thing is that the situation must be understood, that people must realize that Canada must fulfill her obligations. The issue is—whether or not Canada shall carry on. Whether or not the Canadian agriculturalist, lumberman, manufacturer and shipbuilder is to carry on or whether there is to be stagnation and unemployment in our streets."

Make Your Dreams Come True

Fond parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight planning and money.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy.

Buy Victory Bonds For Your Children

Issued by Canada's Victory Loan Committee,
in co-operation with the Minister of Finance
of the Dominion of Canada.

HAD ENOUGH OF THEM.

"I hear a noise in the cellar," said the timid wife. "I think you'd better go down and investigate it."

"Nothing doing," replied the tired man. "I'm sick of serving on investigating committees."

A great Victorian figure has passed away in the person of Lord Beresford. Few naval men have bulked more largely in the public eye and none has obtained such widespread popularity. "Charlie Beresford," as he was affectionately called, was the darling of the man in the street. His breeziness and his faculty for saying pungent things made his name a household word.

DEBATE ON RAILWAY BILL IN SENATE

Sir R. Borden Denies Rumor Concerning His Attitude Towards Measure

Ottawa, Nov. 5.—Debate on the second reading of the Grand Trunk Railway Bill, which was given third reading in the Commons at 2.30 this morning, was proceeded with in the Senate this morning. As soon as the bill received the first reading the second reading was moved, Sir James Loughheed, the Government leader, rose to speak to the motion. Before proceeding with his argument, Sir James read a letter from Sir Robert Borden dealing with a rumor that the Prime Minister was not in sympathy with the measure.

Sir Robert in his letter, which was written under date of November 1, described the rumor as being "utterly unfounded." Had this been the

to remain at his post and take part in the debate on the bill in the Commons.

Senator Dandurand rose to observe that it had been suggested that Sir James was supporting the bill "with a faint heart."

The Government leader retorted with warmth that those who had this view would change their minds before he got through.

Sir James laid the blame for the present railway conditions in Canada on the former administration. He maintained that the acquisition of the Grand Trunk Railway was a proper and business-like proposal.

At this point Senator Lynch-Staunton, of Hamilton, interrupted Sir James to state that he proposed at the proper time to move the following amendment to clause six of the bill:

"Provided that if the determined value of the preferred and common stock in the aggregate exceeds \$7,514,700 sterling, the new guaranteed stock to be issued as herein provided shall not exceed the face value of \$7,514,700."

"Provided further that the arbitrations shall not increase the amount of the award by reason of the fact that the new guaranteed stock is to be four per cent, but shall regard that as equivalent in value to so much gold coin."

Public Ownership.

Dealing with the question of public ownership, the Government leader said that the bill was being opposed by railway presidents, bank managers and big business interests, but Parliament represented the plain people, who would not be willing to stand aside and let these interests dominate the policy of the Government. The great majority of people in Canada undoubtedly favored government ownership.

Senator Loughheed said that no member could be elected in Canada as an opponent of public ownership.

If public ownership were found a failure the Government could invite offers for the purchase of its interests. Canada would have two transportation systems and she had all the machinery, through the railway board, for the direction of the operation of the roads.

"We've built and paid for practically every railway in Canada," he

CANADIAN PACKERS OFFER ARGUMENTS

Contend That Margin of Profit on Pork is Very Narrow One

Ottawa, Nov. 5.—The Board of Commerce this morning listened to the arguments of representatives of Canadian packers who came to Ottawa to protest against the order of the board fixing the prices of pork products at those prevailing on March 10 last. After a discussion during the progress of which it was suggested by the packers that the whole matter should be gone into more exhaustively before prices were fixed, the sitting was adjourned until this afternoon at 3 o'clock.

The chief contention of the packers was that the margin of profit on pork products was a very narrow one, and that the fixing of prices would result in loss. H. Puddy, of Puddy Bros., Toronto, speaking on behalf of a number of smaller packers who do not engage in export trade, intimated that some of those firms might be driven to the wall if the order was insisted upon. The representatives of the larger packers took the ground that the domestic prices for pork products must necessarily be controlled by export prices. If the foreign market was willing to pay higher prices than the domestic, the packers dealing in the export trade could afford to pay higher prices for hogs. The producer of hogs naturally preferred to sell to the exporter, and the domestic packers must meet these prices or do without the raw material.

The packers stated that they were unable to get the prices fixed by the board on certain pork products because the public did not want these products. On the other hand, they were precluded from charging higher prices on pork products for which there was a demand.

The packing interests were represented by the following: J. S. MacLean, Harris Abbottoir Company; E. C. Fox, William Davies Company; O. S. Waller, Swift-Canadian Company; J. A. Gunn, Gunn's, Ltd.; H. Puddy, Puddy Bros.; R. G. Doble, Canadian Packers' Association, and S. E. Todd, of the Industrial Development Association, Canadian Packers.

MISSION TO BALTIC.

LADY ASTOR WAS HECKLED BY CROWD

Tells Plymouth Electors What She Will Do If Elected

Plymouth, Eng., Nov. 5.—(Associated Press)—Meetings in different sections of the city were addressed last night by the three candidates for the House of Commons seat: Lady Astor; Isaac Foot, Liberal; and W. T. Gay, Labor.

At one of them the correspondent found 300 persons huddled in a small schoolhouse and scores outside clamoring for admission. Viscountess Astor was standing at the schoolmaster's table speaking.

"I want you to realize that the reconstruction period is a jolly different time for the coalition," he said. "I want to tell you a few things the coalition have done."

"Tell us what they have not done," came a voice from the back of the room and the heckling of a group of Laborites became so frequent and persistent that Lord Astor, seemingly disconcerted, finally and abruptly concluding by presenting his wife as "your candidate."

Lady Astor, taking the table top, began: "I have been handling soldiers for the last four years—you better watch out," which brought laughter and cheers. "I just want to tell you some things that I am going to do if I get into the House of Commons."

"What's more, I am going to get there. Just remember that."

There was more laughter and applause and Lady Astor launched in to her speech. When the interrupters got busy she exclaimed vehemently:

"Don't give me any of your sass: I shall come right down there to you. What you fellows want is to stop yelling and get to work."

There was one heckler who had previously identified himself as champion of the Independent Socialists. Concerning him, Lady Astor declared: "If it had been in your power during the war, the whole British army to-day would be goose-stepping in Berlin."

Among the epigrams which characterized her speech were: "The only panacea of the world's ills is to get greed out of the human heart."

"Crying your neighbor as yourself is the only way of eliminating the capitalists class."

"We cannot say the world is at peace, unless we ourselves are at peace."

In concluding her speech Lady Astor said: "You had better take me while you have the chance."

WOMEN TO VOTE.

Augusta, Maine, Nov. 5.—The amendment to the Federal constitution giving women the right to vote was ratified in the House to-day in concurrence with the Senate.

REFERENDUM COURT.

Toronto, Nov. 5.—Official returns of the referendum count made for political parties in the province to-day showed a second hurry-up call in the form of a letter was sent out by the Ontario Referendum Committee to all returning officers who have failed to make a complete report. It is hoped that the returns lacking will arrive in time for a summary of the whole Province to be made up this week.

LETHBRIDGE WON FLAG.

Lethbridge, Nov. 5.—Lethbridge won the Prince of Wales flag this morning in the Victory Loan drive, reaching \$367,850 by ten o'clock.

AT THE DENTIST'S.

Little Kate had not yet reached her ninth birthday, but already toothache has fastened its brutal claws on her. With swollen face and streaming eyes, she strenuously opposed her mother's suggestion that they should pay a visit to the dentist.

"But I don't want to have it out!" said Kate.

"Think, dear, how lovely it would be to know that the nasty tooth could never ache again. And you wouldn't feel it coming out, because I will ask Mr. Brown to give you something to sleep that will send you to sleep."

There seemed to be something in this idea. Kate brightened up considerably, and her mother gained a complete victory by promising her a kitten for which she had been longing for weeks.

The gas had been duly administered, and the wretched tooth dragged from its lair. Kate began to wake up. Slowly her eyes opened, and she looked around her. Then she felt her aching head, and became aware of the pain in her gums. Then—and then she was violently sick.

Lying back in her chair, exhausted and miserable, she suddenly started the dentist by looking up at him and exclaiming: "What a rotten way to get a kitten!"—Tit-Bits.

Our Signet Rings in distinctive effects are much in favor this season. For gentlemen we are showing these in 10K and 14K, at \$7.00 to \$20.00

THE J. M. WHITNEY CO. JEWELERS
374 Broughton St.

NAUGHTY NATIONS.

A novel inquiry has lately been held in America. Which is the "naughtiest" of all the foreign nations represented in the United States?

The method adopted to decide this question has been to take a census of all the people who have been imprisoned for breaking laws, and the fairest record is held by Switzerland. Only 0.31 per cent of the Swiss in the United States have been to prison.

Mexico is the bad boy of the family, with 2.3 per cent, or just over one in fifty. Ireland is only a fraction better, 2 per cent, and Scotland is third from bottom with 1.2 per cent. Following these, each country being better than the last, come Austria, England and Wales, Canada, France, Italy, Russia and Denmark.

What about Germany? Prepare for a nasty blow. Omitting Switzerland, Germany comes top—Tit-Bits.

VICTORY BONDS are fortune foundations.

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one.

because it is apparent that it is not due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, an active digestion. A body free from pains and aches comes with a tonic known for over fifty years as the best "temperance" tonic and nerve for women—namely, Dr. Pierce's Favorite Prescription. It can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract is important. Take castor oil or select a vegetable pill. Such a one is composed of May apple, leaves of aloe, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Pellets.

Will House All Wounded Returned Men of the Province

ESQUIMALT MILITARY HOSPITAL, ADMINISTRATIVE BUILDING

With the closing of Reesthaven Military Convalescent Hospital on November 15, Esquimalt Military Convalescent Hospital, the first hospital on the island to be opened up for veterans, will house all returned men in British Columbia in need of medical treatment. The hospital, which has been made into one of the most completely equipped institutions in the Dominion, recently took over all the patients from the Mainland hospitals, and the men who were receiving treatment at Qualicum and Irving House Hospitals. The fifty patients now at Reesthaven will soon be transferred to the Esquimalt Hospital.

case, the letter went on to say, the bill would not have been introduced in Parliament.

Commenced Negotiations
Sir Robert pointed out that he had himself commenced the negotiations in London two years ago. He did so because the Government realized that the national system of railways was so incomplete as to jeopardize successful operation. Sir Robert urged the Senate to support the bill and expressed regret that the condition of his health had been such as to render it impossible for him

said. "Are we to continue building railways and handing them over to private interests?"
Forcing the Grand Trunk into receivership would not be in the best interests of Canada. It would mean the dissolution of a system which had taken two generations to build up. Senator Loughheed asked that the Government be given a reasonable chance of making Government railway operation a success.

The acquisition of the Grand Trunk was a bagatelle compared with the problems Canada had solved in the past few years.

Mandate From People.
The Government leader said the Government had a mandate from the people for the acquisition of railway systems.

Senator Bostock, Opposition leader, said the details of this agreement had only been before the country for a short time. Even now the country did not know just where it stood. He reviewed the railway development until 1903 and said in regard to the claim of this Government having a mandate from the country the only way the present question could have been before the people in 1917 was if they had read the Drayton-Asworth report.

It was not a question of public ownership and operation of railways, said Senator Bostock, for the country was already committed to that.

The Government was taking over an unpaying system and adding a great burden to the Canadian taxpayers. Many millions were needed to put this road into condition. The Government had spent more than

and there should be full report showing the condition of the road and equipment.

Senator Bostock was not finished when the Senate adjourned at one o'clock.

DEMOCRAT ELECTED.

Baltimore, Md., Nov. 5.—Albert T. Ritchie, Democrat, was elected Governor over Harry W. Nice, Republican, by a plurality of approximately 900 votes at yesterday's election in Maryland, according to unofficial returns and estimates received up to 1 o'clock this afternoon. It was the closest election ever held in Maryland.

CAPTURED BY VILLA.

El Paso, Nov. 5.—Reports that F. G. McKennie, general manager of the Conchos River power enterprise above Santa Rosalia, Chihuahua, and another foreigner whose name was not given, had been captured by Villa rebels near Parral, Chihuahua, and later rescued by Carranza soldiers were received by American authorities on the border to-day.

RECOUNT ASKED FOR.

Sudbury, Ont., Nov. 5.—An official recount has been asked for in this riding on behalf of Dr. Arthur, Liberal candidate, who was defeated by Charles McCrea, Conservative, and Judge Kehoe has fixed the opening of the recount for Thursday at 10 o'clock.

In the official count McCrea's majority was given as 145 and there were 247 spoiled, rejected and cancelled ballots.
